**MARCIA LANYON LIMITED**

**BALANCE SHEET AS AT 30 APRIL 2003 (Continued)**

The Directors consider that the company is entitled to exemption from the requirement to have an audit under the provisions of Section 249A(1) of the Companies Act 1985. Shareholders holding 10% or more of the company's share capital have not issued a notice requiring an audit under Section 249(B)(2) of the Companies Act 1985.

The directors acknowledge their responsibilities for ensuring that the company keeps accounting records which comply with section 221 of the Companies Act 1985, and for preparing accounts which give a true and fair view of the state of affairs of the company as at 30 April 2003 and of its loss for the year then ended in accordance with the requirements of Section 226, and which otherwise comply with the requirements of the Companies Act relating to the accounts so far as applicable to the Company.

The financial statements which have been prepared in accordance with the special provisions of Part VII of the Companies Act 1985 applicable to small companies, were approved by the board on 17 February 2004 and signed on its behalf by:

**Marcia Lanyon**

Director

## MARCIA LANYON LIMITED

### ACCOUNTING POLICIES

The accounts of the company are prepared in accordance with generally accepted accounting policies applicable to the historical cost convention and include the results of the company's operations which are described in the Director's report and all of which are continuing.

The company has taken advantage of the exemption in financial reporting standard no. 1 from the requirements to produce a cash flow statement on the grounds that it is a small company.

The following specific accounting policies have been selected.

(a) Deferred taxation

Taxation liabilities may be deferred because the capital allowances claimed for tax purposes on fixed assets, exceed the depreciation provided in the accounts and because of the occurrence of other originating timing differences. Full provision is made for deferred taxation using the liability method unless it is forecast that tax reductions arising from originating timing differences will be enjoyed for the foreseeable future.

(b) Finance and operating leases

Assets acquired under finance leases have been recorded as fixed assets and depreciated over the shorter of the expected lease term (not exceeding the contracted term available) and the estimated useful life of the assets concerned. Payments made in respect of operating leases are charged directly to the profit and loss account.

(c) Fixed assets

Depreciation is provided on the cost of fixed assets by equal annual installments at the following rates, in order to write off each asset over its estimated useful life.

Office furniture, fittings and equipment	20%
Computer equipment	33%
Motor vehicles	25%

(d) Foreign currencies

Assets, liabilities, revenues or costs arising from transactions denoted in a foreign currency are translated and recorded at the rate of exchange ruling at the date of the transaction. At the balance sheet date monetary assets and liabilities are translated at the closing rate of exchange or at the rate of exchange at which each transaction is contracted to be settled in the future.

(e) Research & development

Research and development expenditure is written off in the year in which it is incurred.

(f) Stock

Stocks are valued at the lower of cost and net realisable value. The value of work in progress and finished goods includes the overhead attributable to its location and condition.

(g) Turnover

Turnover is stated at the amount invoiced for goods sold and services provided and excludes value added tax.
