Binks Building Services Limited – In Creditors' Voluntary Liquidation Formerly K.Binks Plumbing Limited

LIQUIDATOR'S PROGRESS REPORT TO CREDITORS AND MEMBERS

For the year ending 5 December 2018

STATUTORY INFORMATION

Company name: Binks Building Services Limited

Registered office: c/o Kingsbridge Corporate Solutions

1st Floor

Lowgate House

Lowgate Hull HU1 1EL

Former registered office: Services House

921 Hedon Road

Hull HU9 5QP

Registered number: 01671401

Liquidator's name: Sarah Louise Burge

Liquidator's date of appointment: 6 December 2016

LIQUIDATOR'S ACTIONS SINCE LAST REPORT

During the period since the last report, I have made progress on the debtor and retentions ledger, realising £4,251 in respect of retentions in the period. Significant work has been undertaken in the period to finalise the debtor collection as there have been significant ongoing disputes, some of which have been upheld. I have instructed Bridge McFarland, a firm of solicitors, to assist in the debt recovery and appropriate legal proceedings.

I have realised utility refunds of £26 in the period. I have also dealt with routine creditor queries via email and telephone and logged all creditor claims received.

There is certain work that I am required by the insolvency legislation to undertake in connection with the liquidation that provides no financial benefit for the creditors. A description of the routine work undertaken since my last progress report is contained in Appendix 1.

RECEIPTS AND PAYMENTS

My Receipts & Payments Account for the period from 6 December 2017 to 5 December 2018 is attached at Appendix 1.

The majority of funds are held in an interest bearing deposit account. The remaining funds are held in a non-interest bearing estate bank account.

ASSETS

Book Debts

The Company's outstanding sales ledger at the date of liquidation was £166,542. A specific provision of £2,414 had been made against this amount as the directors confirmed these amounts should have been written off.

A total of £100,372 has been recovered. A further £7,776 was received into the client account of Kingsbridge Corporate Solutions prior to the appointment of a Liquidation. Upon review of the Company's bank statements a further £25,054 had been received into the Company's bank account, prior to Liquidation. There have been no further realisations in the period, despite instructing solicitors due to counter-claims.

The outstanding accounts remain subject to dispute and, as such, I am unable to predict a realisable value but am currently taking legal advice in order to promptly conclude the remaining realisations.

Retentions

The statement of affairs showed a realisable value of the outstanding retentions of £8,812, the total retentions due being £32,717 According to the Company's records all retentions fell due for payment prior to my previous report. As reported I had already been made aware of defects on the contracts, at the time of writing my previous report.

I have realised £4,521 in respect of retentions since my last report. Due to counter claims and disputes in respect of defects that are ongoing, I am not able to predict the future realisable value of the retentions.

Director's Loan Account

The statement of affairs showed an outstanding director's loan account in the sum of £172. The director disputed the amount due and further information was requested regarding the payments made on this account from the accountants. The accountants advised that it could have been an erroneous posting, due to the manner in which Director's Loan Accounts were repaid. The amount has been written off.

Intercompany Debt

The Statement of Affairs showed a total of £687 is due to the Company from Brocklebank Holdings Limited in respect of an intercompany loan. This has been received in full, however this amount is currently held in a suspense account.

The Company was part of a VAT group with its holding company whom are now liable for the outstanding amount due to HMRC, prior to the deregistration of the group of £31,952. This amount is due on transactions made by the Company and accordingly the holding company wishes to make a subrogated claim against the Company for payments made to HMRC on its behalf. The amount paid will continue to be held in the suspense account until confirmation that payment has been made against this liability has been received.

Cash held in Client Account

I have realised £44.49 in bank interest in respect of the cash held in the client account prior to my appointment, which has been paid to the case in the period.

Bank Interest Gross

I have realised bank interest gross of £92.37 in the period.

Utility Refunds

I have realised utility refunds of 25.60 in the period from KCOM.

LIABILITIES

Secured Creditors

An examination of the Company's mortgage register held by the Registrar of Companies, showed that the Company has granted the following charge:

 Debenture in favour of National Westminster Bank Plc, created on 19/03/2013 and registered on 22/03/2013, incorporating a fixed and floating charge over the undertaking and all property of the Company.

The legislation requires that if the Company has created a floating charge after 15 September 2003, a prescribed part of the Company's net property (i.e. the money that would otherwise be available to the charge holder) should be ring-fenced for distribution to unsecured creditors. In this case there is no remaining liability to National Westminster Bank, therefore the prescribed part provisions do not apply.

Preferential Creditors

The statement of affairs anticipated £16,300 in preferential creditors. I received a claim from the Redundancy Payments Service ("RPS") of £13,633. A further £1,155 was calculated to be due to a number of employees as their claims exceeded the maximum paid by the RPS.

A dividend of 100p in the £ was declared and paid to preferential creditors on 23 August 2017. A total of £14,787 was distributed.

Crown Creditors

The statement of affairs included £68,640 owed to HM Revenue & Customs ("HMRC"). HMRC's claim of £45,346 has been received. This does not appear to take into account the VAT due of £22,846 under the group registration for the period 01 October 2016 to 05 December 2016. I am awaiting confirmation that this is a final claim.

Non-preferential unsecured Creditors

The statement of affairs included 93 non-preferential unsecured creditors with an estimated total liability of £288,872. I have received claims from 35 creditors at a total of £ 371,034.30. I have not received claims from 78 creditors with original estimated claims in the statement of affairs of £107,170.

The statement of affairs also estimated that £133,725 was due to employees in respect of their claims for arrears of wages, notice pay and redundancy pay. I have received a claim from the Redundancy Payments Service in the sum of £89,838. I have not yet calculated the claims of the employees in their own right. This will be calculated prior to the payment of a dividend to unsecured creditors.

DIVIDEND PROSPECTS

Secured creditors

There is no liability due to National Westminster Bank

Preferential creditors

A dividend of 100p in the £ was declared and paid on 23 August 2017. A total of £14,787 was distributed.

Floating charge creditors

There is no outstanding liability to National Westminster Bank.

Non-preferential unsecured creditors

A dividend to unsecured creditors will be made, however the quantum and timing of the dividend is not yet known.

INVESTIGATION INTO THE AFFAIRS OF THE COMPANY

I undertook an initial investigation into the Company's affairs to establish whether there were any potential asset recoveries or conduct matters that justified further investigation, taking account of the public interest, potential recoveries, the funds likely to be available to fund an investigation, and the costs involved. Specifically, I recovered, listed and reviewed the Company's accounting records; obtained and reviewed copy bank statements for the 6 months prior to the Company ceasing to trade from the Company's bankers; and compared the information in the Company's last set of accounts with that contained in the statement of affairs lodged in the liquidation and made enquiries about the reasons for the changes.

There were no matters that justified further investigation in the circumstances of this appointment.

Within three months of my appointment as Liquidator, I am required to submit a confidential report to the Secretary of State to include any matters which have come to my attention during the course of my work which may indicate that the conduct of any past or present Director would make them unfit to be concerned with the management of the Company. I would confirm that my report has been submitted.

PRE-APPOINTMENT REMUNERATION

The creditors previously authorised the payment of a fee of £4,000 for my assistance with preparing the statement of affairs and convening and holding the meeting of creditors at a meeting held on 06 December 2016.

In addition to this, £2,500 was paid to A MacDonald & Co Accountants for their assistance with in connection with the statement of affairs.

The fee for preparing the statement of affairs and arranging the convening and holding a meeting of creditors was paid from first realisations on appointment and is shown in the enclosed receipts and payments account.

LIQUIDATOR'S REMUNERATION

My remuneration was approved on a time cost basis based on a fees estimate of £27,979.50. The fees estimate acts as a cap and I cannot draw remuneration in excess of that estimate without first seeking approval from the creditors. My total time costs to 5 December 2018 amount to £35,718.00, representing 229.7 of hours work at a blended charge out rate of £153 per hour. The actual blended charge out rate incurred compares with the estimated blended charge out rate of £161.64 in my fees estimate.

I have drawn £27,979 50 to date.

A detailed schedule of my time costs incurred to date compared with my original fees estimate is attached as Appendix 2.

I anticipate that the total time costs I will incur in this matter, in respect of the categories of work for which I am being remunerated on a time cost basis, will exceed the total estimated remuneration I set out in my fees estimate when my remuneration was authorised by the creditors. I intend to seek a decision to approve an increase in my fees estimate from the creditors. This is because I have spent more time than estimated in the recovery of debtors and retentions, this is due to customer disputes and remedial works, claims received which have required reviews, consultations with the directors and also legal opinion. The time delays have resulted in the company being in liquidation for longer than anticipated, which has resulted in additional time being spent on general administration and planning matters and also additional reporting to creditors which is in accordance with statutory requirements.

Further information about creditors' rights can be obtained by visiting the creditors' information micro-site published by the Association of Business Recovery Professionals (R3) at http://www.creditorinsolvencyguide.co.uk/. A copy of 'A Creditors Guide to Liquidators' Fees' also published by R3, together with an explanatory note which shows Kingsbridge Corporate Solutions Limited's fee policy are available at the link www.kingsbridgecs.com/resources. Please note that there are different versions of the Guidance Notes and in this case you should refer to the April 2017 version.

LIQUIDATOR'S EXPENSES

I have incurred expenses to date of £2,507.20. I have drawn £2,319.08 to date.

I have incurred the following expenses in the period since my previous progress report:

Category 1	£	Category 2	£
Case Management Software Fee	98.16	Storage	357.00
Postage	73 08	Photocopying	12.60
Total	171.24	Total	369.60

I have used the following agents or professional advisors in the reporting period.

Professional Advisor	Nature of Work	Basis of Fees
CJM Asset Management	Valuer/Auctioneer – valuation and sale of the assets	Percentage of realisations
A MacDonald & Co Accountants	Accountants – calculation of tax due on employee residual claims, RTI upload.	Time costs
Goodman Nash	Rates refund specialis – recovery of overpayment of rates	Percentage of realisations

Clarion Solicitors

Solicitors – draft contract for the sale of Fixed fee the domain name

The choice of professionals was based on my perception of their experience and ability to perform this type of work and the complexity and nature of the assignment. I also considered that the basis on which they will charge their fees represented value for money. I have reviewed the charges they have made and am satisfied that they are reasonable in the circumstances of this case.

As you can see from the information provided in this report and previous reports, the expenses I have incurred in this matter have exceeded the total expenses I estimated I would incur when my remuneration was authorised by the creditors. The reasons I have exceeded the expenses estimate are due to higher than anticipated category 2 expenses.

FURTHER INFORMATION

An unsecured creditor may, with the permission of the Court, or with the concurrence of 5% in value of the unsecured creditors (including the creditor in question), request further details of the Liquidator's remuneration and expenses within 21 days of their receipt of this report. Any secured creditor may request the same details in the same time limit.

An unsecured creditor may, with the permission of the Court, or with the concurrence of 10% in value of the unsecured creditors (including the creditor in question), apply to Court to challenge the amount of remuneration charged by the Liquidator as being excessive, and/or the basis of the Liquidator's remuneration, and/or the amount of the expenses incurred as being excessive, within 8 weeks of their receipt of this report. Any secured creditor may make a similar application to court within the same time limit.

To comply with the Provision of Services Regulations, some general information about Kingsbridge Corporate Solutions can be found at www.kingsbridgecs.com/resources.

SUMMARY

The Liquidation will remain open until the collection of outstanding book debts and retentions have been fully resolved and I am in a position to pay a first and final dividend to unsecured and non-preferential creditors. I estimate that this will take less than 1 year and then the Liquidation will be finalised and our files will be closed.

If creditors have any queries regarding the conduct of the Liquidation, or if they want hard copies of any of the documents made available on-line, they should contact Sarah Burge.

FEES ESTIMATE SUMMARY

Case name: Binks Building Services Limited

The office holder is seeking to be remunerated on a time cost basis. We use charge out rates appropriate to the skills and experience of a member of staff and the work that they perform, recording time spent in 6 minute units. Narrative is recorded to explain the work undertaken and the time spent is analysed into different categories of work. This document provides an estimate as to how much time the office holder and his staff will spend undertaking specific tasks within broad categories of work, and the time costs of undertaking such work, which will depend upon the grade, or grades, of staff undertaking the work and the number of hours spent undertaking the work by each grade of staff. The estimated time that will be spent undertaking the work in each category of work has been multiplied by the applicable charge out rate for each member of staff that it is anticipated will undertake work in that category to arrive at the estimated total time costs attributable to that category of work on the case. We have then divided that estimated total by the different categories of work is the total estimated time costs to undertake all the necessary work on the case. Again, we have then divided that estimated total by the estimated number of hours to arrive at a blended hourly charge out rate for the case as a whole.

The hourly charge out rates that will be used on this case are:	1/11/16 - 31/12/17 £	1/1/18 onwards

Note 1 Administration and planning - This represents the work that is involved in the routine administrative functions of the case by the office holder and their staff, together with the control and supervision of the work done on the case by the office holder and their managers. It does not give direct financial benefit to the creditors, but has to be undertaken by the office holder to meet their requirements under the insolvency legislation and the Statements of Insolvency Practice, which set out required practice that office holders must follow

Note 2 Investigations - The insolvency legislation gives the office holder powers to take recovery action in respect of what are known as antecedent transactions, where assets have been disposed of prior to the commencement of the insolvency procedure and also in respect of matters such as misfeasance and wrongful trading. The office holder is required by the Statements of Insolvency Practice to undertake an initial investigation in all cases to determine whether there are potential recovery actions for the benefit of creditors and the time costs recorded represent the costs of undertaking such an initial investigation. If potential recoveries or matters for further investigation are identified then the office holder will need to incur additional time costs to investigate them in detail and to bring recovery actions where necessary, and further information will be provided to creditors and approval for an increase in fees will be made as necessary. Such recovery actions will be for the benefit of the creditors and the office holder will provide an estimate of that benefit if an increase in fees is necessary. The office holder is also required by legislation to report to the Department for Business, Energy and Industrial Strategy on the conduct of the directors and the work to enable them to comply with this statutory obligations is of no direct benefit to the creditors, although it may identify potential recovery actions

Note 3 Realisation of Assets - This is the work that needs to be undertaken to realise the known assets in the case. The Liquidator feels that the original estimate has been exceeded due to unforeseen complications in respect of debtor reconciliation and negotatiations and also due to the identification and realisation of previously unknown assets of the Company.

Note 4 Creditors Employees - The office holder needs to deal with the ex-employees in order to ensure that their claims are processed appropriately by the Redundancy Payments Office (RPO). That work will include dealing with queries received from both the ex-employees and the RPO to facilitate the processing of the claims. The office holder is required to undertake this work as part of his statutory functions. Claims of creditors - the office holder needs maintain up to date records of the names and addresses of creditors, together with the amounts of their claims as part of the management of the case, and to ensure that notices and reports can be issued to the creditors. The office holder will also have to deal with correspondence and queries received from creditors regarding their claims and dividend prospects as they are received. The office holder is required to undertake this work as part of his statutory functions. Dividends - the office holder has to undertake certain statutory formalities in order to enable him to pay a dividend to creditors. This include writing to all creditors who have not lodged proofs of debt and reviewing the claims and supporting documentation lodged by creditors in order to formally agree their claims, which may involve requesting additional information and documentation from the creditors. Due to additional asset realisations and difficulties with debt recovery, the liquidation will be open for longer than anticipated, accordingly the Liquidator's fees have been increased in respect of reporting to creditors and dealing with unexpected intercompany balances.

Notice of decision by correspondence

Binks Building Services Limited - In Creditors' Voluntary Liquidation
