Appendices

- Appendix I Statutory Information
- Appendix II Receipts and Payments account for the period 2/11/2019 to 28/9/2023
- Appendix III Detailed list of work undertaken in the period and since appointment
- Appendix IV Expenses summary for period, cumulative & comparison with estimate

EXECUTIVE SUMMARY

A summary of key information in this report is detailed below.

Assets

Asset	Estimated to realise per Statement of Affairs	Realisations to date	Total anticipated realisations
Finished Equipment	32,750	32,750	32,750
Stock, Equipment & Forklift	32,200	30,000	30,000
Sundry		317	317
Administrator's Surplus	101,092	101,092	101,092
Book debts	_	2,931	2,931
Bank Interest	20	388	388

Expenses

Expense	Amount per fees and expenses estimates	Expense incurred to date	Total anticipated expense
Liquidator's fees	37,500	37,500	37,500
Solicitors' fees	12,000	14,573	14,573
Consultancy Fees		6,000	6,000
Agents' fees*	16,643	16,793	16,793
Accountant's fees	13,000	13,000	13,000
Rents Payable	8,894	8,894	8,894
Utilities	2,951	2,951	2,951
Other expenses	658	526	526

^{*}Includes agent's fees incurred & unpaid in administration.

Dividend prospects

Creditor class	Distribution / dividend paid to date
Secured creditor	N/a
Preferential creditors	100p in the £
Secondary Preferential creditors	N/a
Unsecured creditors	3.73p in the £

Closure

There are no further matters in the liquidation to be progressed and the liquidation may now be concluded.

ADMINISTRATION AND PLANNING

Statutory information

Statutory information may be found at Appendix I.

The Liquidator is required to meet a considerable number of statutory and regulatory obligations. Whilst many of these tasks do not have a direct benefit in enhancing realisations for the insolvent estate, they assist in the efficient and compliant progressing of the administration of the case, which ensures that work is carried out to high professional standards. A detailed list of these tasks may be found in Appendix III.

The Liquidator has met his statutory and regulatory duties to report to creditors, as listed below. In consideration of the need for transparency and engagement with creditors, care has been taken to ensure that reports and other communications with creditors have provided useful details of the strategies pursued and the outcomes anticipated.

During the Review Period, the following key documents have been issued:

This progress report;

Other administration tasks

During the Review Period, the following material tasks in this category were carried out:

Case reviews etc.

ENQUIRIES AND INVESTIGATIONS

Shortly after appointment, the Liquidator undertook a review of all the information available and conducted an initial assessment of whether there were any matters which may have led to any recoveries for the benefit of creditors.

This initial assessment revealed matters that the Liquidator considered merited further investigation. My last progress report advised that the advice received from counsel was that it would not be in the best interests of creditors to pursue the matter further and there will be no further action in this regard.

Although this work did not generate any financial benefit to creditors, it was necessary to meet the statutory duties as well as conduct appropriate enquiries and investigations into potential rights of actions to enhance realisations.

REALISATION OF ASSETS

Transactions with connected parties

Sale of stock/equipment/forklift

As detailed within my final report as Administrator, various items of stock, plant & machinery and a forklift were sold to Mr. N Humpish, a director of the Company for the sum of £30,000.00 plus VAT during the Administration. These funds were remitted by agents Deeley Matthews to the Liquidator and are therefore included in the attached receipts & payments account.

The sale to the Director was recommended for acceptance by agents Deeley Matthews on the basis that it represented the best net value for the estate.

Finished Equipment

My final report as Administrator advised that Deeley Matthews had agreed sales and billed various third parties in respect of sales of the company's plant & machinery/finished equipment. Funds in respect of these sales, totalling £32,750.00, have now been received.

Sundry

A refund has been received from Canada Life Ltd for the amount of £315.63. Additional sundry receipts total £1.00.

Administrator's Surplus

Upon conversion to Liquidation the surplus of £101,091.67 was received from the Administrator.

Book Debts

Book debts totalling £2,931.34 have been received during the liquidation.

Bank interest

During the period bank interest of £387.92 has been received during the Liquidation.

Detailed below is key information about asset realisation and strategy, however, more details about the work undertaken may be found at Appendix III. The Liquidator formulated and worked through a realisation strategy that sought to maximise realisations net of costs. The financial benefit of those efforts is described further below.

Payments

Payments are detailed at Appendix II and are considered to be self-explanatory where not further detailed below.

CREDITORS

Irrespective of whether sufficient realisations are achieved to pay a dividend to creditors, the Liquidator has had to carry out key tasks which are detailed in the list at Appendix III. The following sections explain the outcomes to creditors and any distributions paid.

Secured creditors

The Company had granted the following security: -

Type of charge	Date created	Beneficiary	
Guarantee & Debenture	3 December 2012	Barclays Bank PLC	
Guarantee & Debenture	18 July 1990	Barclays Bank PLC	
			. :

Debenture	2 November 1998	Barclays Bank PLC	
:		:	

Barclays are not owed any monies in these proceedings; the current account having been in credit as at the date of appointment. There are therefore no secured creditors in this matter.

Preferential creditors

Employee claims

Preferential claims relating to unpaid holiday pay and wage arrears were estimated at £7,815 in the estimated financial provision circulated with my proposals as Administrator.

A preferential distribution of 100p/£ was paid on 16 April 2021 on agreed claims totalling £7,229.61.

There have been no further distributions during the period.

Unsecured creditors

Unsecured claims were estimated at £814,735 in the estimated financial provision circulated with my proposals as Administrator. This was based on the information provided by the Director.

Unsecured creditors claims have been agreed in the sum of £1,605,830.56 and a distribution of 3.73p in the £ was paid in respect of their claims on 14 November 2022.

Where a floating charge is created after 15 September 2003 a prescribed part of the company's net property shall be made available to unsecured creditors.

The secured creditor's claim was discharged prior to administration and consequently there was no prescribed part in this Liquidation.

ETHICS

Please also be advised that Mark Bowen is bound by the Insolvency Code of Ethics when carrying out all professional work relating to an insolvency appointment.

In the period since the last report, no new threats to compliance with the Code of Ethics were identified.

Specialist Advice and Services

When instructing third parties to provide specialist advice and services or having the specialist services provided by the firm, the Liquidator is obligated to ensure that such advice or work is warranted and that the advice or work contracted reflects the best value and service for the work undertaken. The firm reviews annually the specialists available to provide services within each specialist area and the cost of those services to ensure best value. The specialists chosen usually have knowledge specific to the insolvency industry and, where relevant, to matters specific to this insolvency appointment. Details of the specialists specifically chosen in this matter are detailed below.

Harrison Clark Rickerby's Limited have been engaged during this review period to review certain creditors' claim prior to the distribution to unsecured creditors. They are experienced in insolvency matters and have prior knowledge of the case.

FEES AND EXPENSES

The Liquidator's fees

It is the firm's practice to ensure that work is conducted by the appropriate staff member at the appropriate level of experience. Junior members of staff deal with the day-to-day administration on cases and a manager and (director/partner) then oversees the work undertaken. Where the issues are complex and litigious, the work will be closely supervised or undertaken by a (senior) manager or (director/partner).

The basis of the Liquidator's fees was approved on 17 December 2020 in accordance with the following decision:

"That the Liquidator's fees be fixed as a set fee of £37,500 as per his fee estimate."

Having regard for the costs that are likely to be incurred in bringing this Liquidation to a close, the Liquidator considers that:

- the original fees estimate is unlikely to be exceeded; and
- the original expenses estimate has been exceeded due to the increased legal costs that have been incurred.

The Liquidator has drawn £37,500 in respect of his fees agreed on a fixed basis, the amount of £17,500 having been drawn in this review period.

Expenses

The expenses, which include disbursements that have been incurred and paid during the period are detailed on Appendix IV. Also included in Appendix IV is a comparison of the expenses likely to be incurred in the Liquidation as a whole with the original expenses estimate, together with reasons where any expenses exceeded that estimate.

The category 1 expenses paid for in the period are detailed at Appendix II and represent payments to parties not associated with the firm, who have provided services or goods for the administration of the assignment.

Information about this insolvency process may be found on the R3 website at http://www.creditorinsolvencyguide.co.uk/. A copy of 'A Creditors' Guide to Fees' together with the firm's charge-out rate and expenses policy may be found at www.mb-i.co.uk. A hard copy of both the Creditors' Guide and the firm's charge-out rate and expenses policy may be obtained on request.

Other professional costs

Solicitors

HCR were previously engaged in relation to my investigations and during this period have been instructed to assist with reviewing creditors' claims prior to declaring a dividend to the unsecured creditors. Their costs have been agreed on the basis of their standard hourly charge out rates, plus disbursements and VAT. HCR's fees for the period total £14,573.15. These fees have been paid in full. In additional, counsel's advice was sought as referred to in previous reports and their fees were £2,000 which have been paid during this period and are included ibn the solicitor's fees above.

Consulting Fees

The amount of £6,000 has been incurred & paid to Concrete Mixology Limited (of whom Mr. N Humpish is a director) in respect of consultancy fees regarding the claim against a third party. These fees arose following a significant amount time spent providing information to the legal advisors to assist with the potential claim.

Agents and valuers

Deeley Matthews were instructed as agents and valuers in relation to the realisation of the realisation of the company's chattel assets. Their costs were agreed on a time-cost basis, plus disbursements and VAT. The agents' fees for the period amount to £16,793 which have been paid in full.

Accountant's Fees

The Company's accountants Langard Lifford Hall were engaged during the Administration to provide assistance with the statement of affairs, provide access to the company's management accounts, and assist with the reconciliation of the GKN position. This instruction has continued in the Liquidation. Fees incurred total £13,000 and they have been paid in full.

CREDITORS' RIGHTS

An unsecured creditor may, with the permission of the court or with the concurrence of 5% in value of the unsecured creditors (including the creditor in question) request further details of the Liquidator's remuneration and expenses, within 21 days of receipt of this report. Any secured creditor may request the same details in the same time limit.

An unsecured creditor may, with the permission of the court or with the concurrence of 10% in value of the creditors (including the creditor in question), apply to court to challenge the amount and/or basis of the Liquidator's fees and the amount of any proposed expenses or expenses already incurred, within 8 weeks of receipt of this report. Any secured creditor may make a similar application to court within the same time limit.

CONCLUSION

There are no other matters outstanding and the affairs of the company have been fully wound up.

If you require any further information, please contact this office.

Signed

Mark Elijah Thomas Bowen

A CREDITORS' GUIDE TO LIQUIDATORS' FEES

ENGLAND AND WALES

1 Introduction

1.1 When a company goes into liquidation the costs of the proceedings are paid out of its assets. The creditors, who hope to recover some of their debts out of the assets, therefore have a direct interest in the level of costs, and in particular the remuneration of the insolvency practitioner appointed to act as liquidator. The insolvency legislation recognises this interest by providing mechanisms for creditors to fix the basis of the liquidator's fees. This guide is intended to help creditors be aware of their rights to approve and monitor fees, explains the basis on which fees are fixed and how creditors can seek information about expenses incurred by the liquidator and challenge those they consider to be excessive.

2 Liquidation procedure

- 2.1.1 Liquidation (or 'winding up') is the most common type of corporate insolvency procedure. Liquidation is the formal winding up of a company's affairs entailing the realisation of its assets and the distribution of the proceeds in a prescribed order of priority. Liquidation may be either voluntary, when it is instituted by resolution of the shareholders, or compulsory, when it is instituted by order of the court.
- 2.1.2 Voluntary liquidation is the more common of the two. An insolvent voluntary liquidation is called a creditors' voluntary liquidation (often abbreviated to 'CVL'). In this type of liquidation an insolvency practitioner ('IP') acts as liquidator throughout.
- 2.1.3 In a compulsory liquidation on the other hand, the function of liquidator is, in most cases, initially performed not by an insolvency practitioner but by an official called the official receiver. The official receiver is an officer of the court and an official belonging to The Insolvency Service. In most compulsory liquidations, the official receiver becomes liquidator immediately on the making of the winding-up order. Where the specialist skills of an insolvency practitioner are required or the majority of creditors request the appointment of an insolvency practitioner, an insolvency practitioner will usually be appointed to act as liquidator in place of the official receiver. Where an insolvency practitioner is not appointed the official receiver remains liquidator.
- 2.1.4 Where a compulsory liquidation follows immediately on an administration the court may appoint the former administrator to act as liquidator. In such cases the official receiver does not become liquidator. An administrator may also subsequently act as liquidator in a CVL.

3 The liquidation committee

- 3.1.1 In a liquidation (whether voluntary or compulsory) the creditors have the right to appoint a committee called the liquidation committee, with a minimum of 3 and a maximum of 5 members, to monitor the conduct of the liquidation and approve the liquidator's fees. An invitation to decide on whether a committee is to be established will be sent to creditors at the same time as a decision is sought on the appointment of a liquidator. In cases where a liquidation follows immediately on an administration any committee established for the purposes of the administration will continue in being as the liquidation committee.
- 3.1.2 The liquidator must call the first meeting of the committee within 6 weeks of its establishment (or his appointment if that is later), and subsequent meetings must be held either at specified dates agreed by the committee, or when requested by a member of the committee, or when the liquidator decides he needs to hold one. The liquidator is required to report to the committee at least every 6 months on the progress of the liquidation, unless the committee directs otherwise. This provides an

opportunity for the committee to monitor and discuss the progress of the insolvency and the level of the liquidator's fees.

4 Fixing the liquidator's remuneration

4.1 Basis

- 4.1.1 The basis for fixing the liquidator's remuneration is set out in Rules 18.16, 18.17, 18.19 and 18.20 of the Insolvency (England and Wales) Rules 2016. The Rules state that the basis of remuneration must be fixed:
 - as a percentage of the value of the assets which are realised, distributed or both, by the liquidator
 - by reference to the time properly given by the liquidator and his staff in attending to matters arising in the liquidation, or
 - as a set amount.

Any combination of these bases may be used to fix the remuneration, and different bases may be used for different things done by the liquidator. Where the remuneration is fixed as a percentage, different percentages may be used for different things done by the liquidator.

4.2 Advance information where remuneration not based on time costs

4.2.1 Prior to the determination of the basis of remuneration, the liquidator must give the creditors details of the work the liquidator proposes to undertake, and the expenses he considers will be, or are likely to be, incurred. However, where the liquidator proposes to take any part or all of his remuneration on a time cost basis, he must provide more detailed information in the form of a 'fees estimate', as explained below.

4.3 Fees estimates where remuneration to be based on time costs

- 4.3.1 Where the liquidator proposes to take remuneration based on time costs, he must first provide the creditors with detailed information in the form of a 'fees estimate'. A fees estimate is a written estimate that specifies
 - details of the work the liquidator and his staff propose to undertake;
 - the hourly rate or rates the liquidator and his staff propose to charge for each part of that work;
 - the time the liquidator anticipates each part of that work will take;
 - whether the liquidator anticipates it will be necessary to seek approval or further approval under the Rules; and
 - the reasons it will be necessary to seek such approval.

In addition, the liquidator must give the creditors details of the expenses he considers will be, or are likely to be, incurred.

4.4 Who fixes the remuneration

- 4.4.1 It is for the liquidation committee (if there is one) to determine on which of these bases, or combination of bases, the remuneration is to be fixed. Where it is fixed as a percentage, it is for the committee to determine the percentage or percentages to be applied. Rule 18.16 says that in arriving at its decision the committee shall have regard to the following matters:
 - the complexity (or otherwise) of the case;
 - any responsibility of an exceptional kind or degree which falls on the liquidator in connection with the insolvency;
 - the effectiveness with which the liquidator appears to be carrying out, or to have carried out, his duties;

- the value and nature of the property which the liquidator has to deal with.
- 4.4.2 If there is no liquidation committee, or the committee does not make the requisite determination, the liquidator's remuneration may be fixed by a decision of the creditors. The creditors take account of the same matters as apply in the case of the committee.
- 4.4.3 If the remuneration is not fixed as above, it will be fixed in one of the following ways. In a CVL, it will be fixed by the court on application by the liquidator, but the liquidator may not make such an application unless he has first tried to get his remuneration fixed by the committee or creditors as described above, and in any case not later than 18 months after his appointment. In a compulsory liquidation, it will be in accordance with a scale set out in the Rules.
- 4.4.4 Where the liquidation follows directly on from an administration in which the liquidator had acted as administrator, the basis of remuneration fixed in the administration continues to apply in the liquidation (subject to paragraph 8 below).

5. Review of remuneration

- 5.1 Where there has been a material and substantial change in circumstances since the basis of the liquidator's remuneration was fixed, the liquidator may request that it be changed. The request must be made to the same body as initially approved the remuneration, and the same rules apply as to the original approval.
- 6 What information should be provided by the liquidator?

6.1 General principles

- 6.1.1 The liquidator should provide those responsible for approving his remuneration with sufficient information to enable them to make an informed judgement about the reasonableness of the liquidator's request. The information should be presented in a manner which is transparent, consistent throughout the life of the case and useful to creditors, while being proportionate to the circumstances of the case.
- 6.1.2 A proposed liquidator my issue a fees estimate to creditors prior to being appointed liquidator.
- 6.1.3 The liquidator should disclose:
 - payments, remuneration and expenses arising from the liquidation paid to the liquidator or his or her associates;
 - any business or personal relationships with parties responsible for approving the liquidator's remuneration or who provide services to the liquidator in respect of the insolvency appointment where the relationship could give rise to a conflict of interest.

The liquidator should inform creditors of their rights under insolvency legislation, and should advise them how they may access suitable information setting out their rights within the first communication with them and in each subsequent report.

6.1.4 Where the liquidator sub-contracts out work that could otherwise be carried out by the liquidator or his or her staff, this should be drawn to the attention of creditors with an explanation of why it is being done.

6.2 Key issues

6.2.1 The key issues of concern to those with a financial interest in the level of payments from the insolvency estate will commonly be:

- the work the liquidator anticipates will be done, and why that work is necessary;
- the anticipated cost of that work, including any expenses expected to be incurred in connection with it;
- whether it is anticipated that the work will provide a financial benefit to creditors, and if so what benefit (or if the work provided no direct financial benefit, but was required by statute);
- · the work actually done and why that work was necessary;
- the actual costs of the work, including any expenses incurred in connection with it, as against any estimate provided;
- whether the work has provided a financial benefit to creditors, and if so what benefit (or if the work provided no direct financial benefit, but was required by statute).

When providing information about payments, fees and expenses, the liquidator should do so in a way which facilitates clarity of understanding of these key issues. Narrative explanations should be provided to support any numerical information supplied. Where it is practical to do so, the liquidator should provide an indication of the likely return to creditors when seeking approval for the basis of his remuneration.

6.2.2 When approval for a fixed amount or a percentage basis is sought, the liquidator should explain why the basis requested is expected to produce a fair and reasonable reflection of the work that the liquidator anticipates will be undertaken.

6.3 Fee estimates and subsequent reports

6.3.1 When providing a fee estimate, the liquidator should supply that information in sufficient time to facilitate that body making an informed judgement about the reasonableness of the liquidator's requests. The estimate should clearly describe what activities are anticipated to be conducted in respect of the estimated fee. When subsequently reporting to creditors, the actual hours and average rate (or rates) of the costs charged for each activity should be provided for comparison.

6.4 Disbursements

- 6.4.1 Costs met by and reimbursed to the liquidator in connection with the liquidation will fall into two categories:
 - Category 1 disbursements: These are payments to independent third parties
 where there is specific expenditure directly referable to the liquidation. Category 1
 disbursements can be drawn without prior approval, although the liquidator
 should be prepared to disclose information about them in the same way as any
 other expenses.
 - Category 2 disbursements: These are costs that are directly referable to the liquidation but not to a payment to an independent third party. They may include shared or allocated costs that may be incurred by the liquidator or their firm, and that can be allocated to the liquidation on a proper and reasonable basis. Category 2 disbursements require approval in the same manner as a liquidator's remuneration.

When seeking approval, the liquidator should explain, for each category of cost, the basis on which the charge is being made. If the liquidator has obtained approval for the basis of Category 2 disbursements, that basis may continue to be used in a sequential appointment where further approval of the basis of remuneration is not required, or where the liquidator is replaced.

- 6.4.2 The following are not permissible as disbursements:
 - a charge calculated as a percentage of remuneration:
 - an administration fee or charge additional to the liquidator's remuneration:

 recovery of basic overhead costs such as office and equipment rental, depreciation and finance charges.

6.5 Payment of pre appointment expenses

- 6.5.1 The following categories of expenses may be paid out of the company's assets, either before or after the commencement of the winding up, as an expense of the windingup:
 - Any reasonable and necessary expenses of preparing the statement of affairs.
 - Any reasonable and necessary expenses of the decision procedure or deemed consent procedure to seek a decision from the creditors on the nomination of a liquidator under R6.14.
- 6.5.2 If payment has not been made pre-commencement of the liquidation, payment may not be made to the liquidator or any associate of the liquidator, otherwise than with the approval of the liquidation committee, the creditors or the court.
- 6.5.3 Disclosure should be made in the fees estimate of amounts already paid to the liquidator in respect of pre-appointment costs, giving the amounts paid, the name of the payer and its relationship to the estate and the nature of the payment.
- 6.5.4 Disclosure should follow the principles and standards as set out in this guidance.

6.6 Realisations for secured creditors

6.6.1 Where the liquidator realises an asset on behalf of a secured creditor and receives remuneration out of the proceeds (see paragraph 11.1 below), he should disclose the amount of that remuneration to the committee (if there is one), to creditors when considering a decision for the purpose of determining his fees, and in any reports he sends to creditors.

7. Exceeding the amount set out in the fees estimate

- 7.1 Remuneration cannot be drawn in excess of the fees estimate without approval by the body which fixed the original basis of the remuneration. The request for approval must specify –
 - the reason why the liquidator has exceeded, or is likely to exceed, the fees estimate:
 - the additional work the liquidator has undertaken or proposes to undertake;
 - the hourly rate or rates the liquidator proposes to charge for each part of that additional work;
 - the time that additional work has taken or the liquidator anticipates that work will take:
 - whether the liquidator anticipates that it will be necessary to seek further approval; and
 - the reasons it will be necessary to seek further approval.

8. Progress reports and requests for further information

- 8.1.1 The liquidator is required to send annual progress reports to creditors. The reports must include:
 - details of the basis fixed for the remuneration of the liquidator (or if not fixed at the date of the report, the steps taken during the period of the report to fix it);
 - if the basis has been fixed, the remuneration charged during the period of the report, irrespective of whether it was actually paid during that period (except

- where it is fixed as a set amount, in which case it may be shown as that amount without any apportionment for the period of the report):
- if the report is the first to be made after the basis has been fixed, the remuneration charged during the periods covered by the previous reports, together with a description of the work done during those periods, irrespective of whether payment was actually made during the period of the report;
- a statement of the expenses incurred by the liquidator during the period of the report, irrespective of whether payment was actually made during that period;
- details of progress during the period of the report, including a summary of the receipts and payments during the period;
- · details of what remains to be done;
- where appropriate, a statement
 - that the remuneration anticipated to be charged is likely to exceed the fees estimate or any approval given for remuneration exceeding the estimate;
 - that expenses incurred or anticipated to be incurred are likely to exceed, or have exceeded, the details given to the creditors prior to the determination of the basis of remuneration; and
 - the reason for that excess.
- a statement of the creditors' rights to request further information, as explained in paragraph 8.2, and their right to challenge the liquidator's remuneration and expenses.
- 8.1.2 Within 21 days of receipt of a progress report a creditor may request the liquidator to provide further information about the remuneration and expenses set out in the report. A request must be in writing, and may be made either by a secured creditor, or by an unsecured creditor with the concurrence of at least 5% in value of unsecured creditors (including himself) or the permission of the court.
- 8.1.3 The liquidator must provide the requested information within 14 days, unless he considers that:
 - the time and cost involved in preparing the information would be excessive, or
 - disclosure would be prejudicial to the conduct of the liquidation or
 - the liquidator is subject to an obligation of confidentiality in relation to the information requested,

in which case he must give the reasons for not providing some or all of the information.

8.1.4 Any creditor may apply to the court within 21 days of the liquidator's refusal to provide the requested information, or the expiry of the 14 days time limit for the provision of the information.

9 What if a creditor is dissatisfied?

- 9.1.1 Except in cases where there is a liquidation committee it is the creditors as a body who have authority to approve the liquidator's fees.
- 9.1.2 If a creditor believes that the liquidator's remuneration is excessive, the basis is inappropriate, or the expenses incurred by the liquidator are in all the circumstances excessive he may, provided certain conditions are met, apply to the court.
- 9.1.3 Application may be made to the court by any secured creditor, or by any unsecured creditor provided at least 10 per cent in value of unsecured creditors (including himself) agree or he has the permission of the court. Any such application must be made within 8 weeks of the applicant receiving the liquidator's progress report in which the charging of the remuneration or incurring of the expenses in question is first

reported (see paragraph 8.1 above). If the court does not dismiss the application (which it may if it considers that insufficient cause is shown) the applicant must give the liquidator a copy of the application and supporting evidence at least 14 days before the hearing.

- 9.1.4 If the court considers the application well founded, it may order that the remuneration be reduced, the basis be changed, or the expenses be disallowed or repaid. Unless the court orders otherwise, the costs of the application must by paid by the applicant and not out of the assets of the insolvent company.
- 9.1.5 On receipt of the liquidator's final account creditors have 8 weeks to in which they may challenge the liquidator's remuneration and expenses under R18.34

10. What if the liquidator is dissatisfied?

10.1 If the liquidator considers that the remuneration fixed by the liquidation committee, the creditors, in the preceding administration or in accordance with the statutory scale is insufficient, or that the basis used to fix it is inappropriate, he may apply to the court for the amount or rate to be increased or the basis changed. If he decides to apply to the court he must give at least 14 days' notice to the members of the committee and the committee may nominate one or more of its members to appear or be represented at the court hearing. If there is no committee, the liquidator's notice of his application must be sent to such of the creditors as the court may direct, and they may nominate one or more of their number to appear or be represented. The court may order the costs to be paid out of the assets.

11 Other matters relating to remuneration

- 11.1 Where the liquidator realises assets on behalf of a secured creditor he is entitled to be remunerated out of the proceeds of sale in accordance with a scale set out in the Rules. Usually, however, the liquidator will agree the basis of his fee for dealing with charged assets with the secured creditor concerned.
- 11.2 Where two (or more) joint liquidators are appointed it is for them to agree between themselves how the remuneration payable should be apportioned. Any dispute between them may be referred to the court, the committee or a meeting of creditors.
- 11.3 If the appointed liquidator is a solicitor and employs his own firm to act in the insolvency, profit costs may not be paid unless authorised by the committee, the creditors or the court.
- 11.4 If a new liquidator is appointed in place of another, any determination, decision or court order which was in effect immediately before the replacement continues to have effect in relation to the remuneration of the new liquidator until a further determination, decision or court order is made.
- 11.5 Where the basis of the remuneration is a set amount, and the liquidator ceases to act before the time has elapsed or the work has been completed for which the amount was set, application may be made for a determination of the amount that should be paid to the outgoing liquidator. The application must be made to the same body as approved the remuneration. Where the outgoing liquidator and the incoming liquidator are from the same firm, they will usually agree the apportionment between them.
- 11.6 There may also be occasions when creditors will agree to make funds available themselves to pay for the liquidator to carry out tasks which cannot be paid for out of the assets, either because they are deficient or because it is uncertain whether the work undertaken will result in any benefit to creditors. Arrangements of this kind are sometimes made to fund litigation or investigations into the affairs of the insolvent company. Any arrangements of this nature will be a matter for agreement between

the liquidator and the creditors concerned and will not be subject to the statutory rules relating to remuneration.

12. Effective date

This guide applies where a company goes into liquidation on or after 6 April 2017

Appendix

Suggested format for the provision of information

Professional guidance issued to insolvency practitioners sets out the following suggested format for the provision of information when seeking approval of remuneration. However, the level of disclosure suggested below may not be appropriate in all cases, and will be subject to considerations of proportionality. In larger or more complex cases the circumstances of each case may dictate the information provided and its format.

Narrative overview of the case

In all cases, reports on remuneration should provide a narrative overview of the case. Matters relevant to an overview are:

- the complexity of the case;
- any exceptional responsibility falling on the liquidator;
- the liquidator's effectiveness;
- the value and nature of the property in question.

The information provided will depend upon the basis or bases being sought or reported upon, and the stage at which it is being provided. An overview might include:

- an explanation of the nature, and the liquidator's own initial assessment, of the assignment (including the anticipated return to creditors) and the outcome (if known);
- initial views on how the assignment was to be handled, including decisions on staffing or subcontracting and the appointment of advisers;
- any significant aspects of the case, particularly those that affect the remuneration and cost expended;
- · the reasons for subsequent changes in strategy;
- the steps taken to establish the views of creditors, particularly in relation to agreeing the strategy for the assignment, budgeting, and fee drawing;
- any existing agreement about remuneration;
- details of how other professionals, including subcontractors, were chosen, how they were contracted to be paid, and what steps have been taken to review their fees;
- in a larger case, particularly if it involved trading, considerations about staffing and managing the assignment and how strategy was set and reviewed;
- · details of work undertaken during the period;
- any additional value brought to the estate during the period, for which the liquidator wishes to claim increased remuneration.

Time cost basis

Where any part of the remuneration is or is proposed to be calculated on a time costs basis, requests for and reports on remuneration should provide:

- An explanation of the liquidator's time charging policy, clearly stating the units of time
 that have been used, the grades of staff and rates that have been charged to the
 assignment, and the policy for recovering the cost of support staff. There is an
 expectation that time will be recorded in units of not greater than 6 minutes.
- A description of work carried out, which might include:
 - details of work undertaken during the period, related to the table of time spent for the period;
 - an explanation of the grades of staff used to undertake the different tasks carried out and the reasons why it was appropriate for those grades to be used;
 - any comments on any figures in the summary of time spent accompanying the request the liquidator wishes to make.
- Time spent and charge-out summaries, in an appropriate format.

It is useful to provide time spent and charge-out value information in a tabular form for each of the time periods reported upon, with work classified (and sub-divided) in a way relevant to the circumstances of the case

The following areas of activity are suggested as a basis for the analysis of time spent:

- Administration and planning
- Investigations
- Realisation of assets
- Trading
- Creditors
- Any other case-specific matters

The following categories are suggested as a basis for analysis by grade of staff:

- Partner
- Manager
- Other senior professionals
- Assistants and support staff

The level of disclosure suggested above will not be appropriate in all cases, and considerations of proportionality will apply:

- where cumulative time costs are, and are expected to be, less than £10,000 the liquidator should, as a minimum, state the number of hours and average rate per hour and explain any unusual features of the case;
- where cumulative time costs are, or are expected to be, between £10,000 and £50,000, a time and charge-out summary similar to that shown above will usually provide the appropriate level of detail (subject to the explanation of any unusual features);
- where cumulative time costs exceed, or are expected to exceed, £50,000, further and more detailed analysis or explanation will be warranted.

Practice fee and disbursement recovery policy

Introduction

The insolvency legislation was changed in April 2010 for insolvency appointments commenced from that time in order to allow more flexibility on how an office holder's fees are charged to a case. This sheet explains how we may apply the alternative fee bases. The new legislation allows different fee bases to be used for different tasks within the same appointment. The basis or combination of bases set for a particular appointment are subject to approval, generally by a committee if one is appointed by the creditors, failing which the creditors in general meeting, or the court. Further details about how an office holder's fees are approved for each case type are available in a series of guides issued with Statement of Insolvency Practice 9 (SIP9). A copy of the relevant circulation listed in reports to creditors and is also available upon request.

Once the basis of the office holder's remuneration has been approved, a periodic report will be provided to any committee and also to each creditor. The report will provide a breakdown of the remuneration drawn and time costs incurred and will also enable the recipients to see the average rates of such costs. Under the new legislation, any such report must disclose how creditors can seek further information and challenge the basis on which the fees are calculated and the level of fees drawn in the period of the report. Once the time to challenge the office holder's remuneration for the period reported on has elapsed, then that remuneration cannot subsequently be challenged.

Under the old legislation, which still applies for insolvency appointments commenced before 6 April 2010, there is no equivalent mechanism for fees to be challenged.

Time cost basis

This is the basis that we use in the majority of cases using charge out rates appropriate to the skills and experience of each member of staff and the work that they perform. This is combined with the amount of time that they work on each case, recorded in 6 minute units with supporting narrative to explain the work undertaken. Cashiers, secretarial and support staff charge all the time they work as such work has not been allowed for in calculating the hourly rates charged by the partners and other staff. If such time were not charged our charge out rates for Partners and other staff would be approximately 20% higher. Time billed is normally subject to Value Added Tax (VAT) at the applicable rate (see below).

Staff allocation and the use of sub-contractors

The office holder's general approach to resourcing assignments it to allocate staff with the skills and experience to meet the specific requirements of the case.

MB Insolvency www.mb-i.co.uk

The case team will usually consist of partner, senior manager/manager and administrator. The exact case team will depend on the anticipated size and complexity of the assignment. On larger, more complex cases, several staff at all grades may be allocated to meet the demands of the case. The Office holder's charge out rate schedule below provides details of all grades of staff.

With regard to support staff, the Office Holder advises that time spent by our Treasury department in relation to specific tasks on an assignment is charged.

The following services are being provided on this assignment by external sub-contractors:

Service Type	Service Provider	Basis of fee arrangement	Cost to date£
n/a	· · · · · · · · · · · · · · · · · · ·		

Charge out rates

Our charge out rates are reviewed periodically, our charge out rates are summarised below.

Charge out rates per hour effective from February 2013

Grade	Hourly Rate (£)	
Insolvency Practitioner	300	
Managers	225-250	
Assistant Managers	200	
Senior Administrator	175	
Administrator	150	
Senior Assistant/Cashier	150	
Support Staff/Secretary	90	

Time spent on casework is recorded directly to the relevant case using a computerised time recording system and the nature of the work undertaken is recorded at that time. Each unit of time is 6 minutes. The work is recorded under the following categories:

Administration and planning - which includes work such as planning how the case will be administered and progressed; the administrative set up of the case; notifying creditors and others of the appointment; keeping the records relating to the case up to date; case review; case progression meetings; and reporting on progress of the case to creditors and others.

N HISOLVENCY

MB Insolvency www.mb-i.co.uk

Investigations - which includes work such as undertaking an initial review of the financial affairs of the company and bankrupt; undertaking a detailed investigation with a view to making recoveries for the benefit of creditors where matters such as preferences or wrongful trading come to light as a result of the initial review; and reporting to the Insolvency Service on the conduct of the directors.

Realisation of assets - which includes work such as identifying, securing and insuring assets; dealing with retention of title claims; collecting debts; and selling assets.

Employee matters - which includes work such as dealing with employees; and liaising with the redundancy payments office.

Creditors - which includes work such as communicating with creditors; dealing with creditors' claims; and where funds permit, paying dividends to creditors.

Trading - which includes work such as managing and controlling all aspects of the business; and maintaining financial records and information relating to that trading.

Percentage basis

The new legislation allows fees to be charged on a percentage of the value of the property with which the office holder has to deal. Different percentages can be used for different assets or types of assets. Where we would like to realise any asset or type of assets on a percentage basis we will provide further information explaining why we think that this basis is appropriate and ask creditors to approve the basis.

Fixed fee

The new legislation allows fees to be charged at a set amount. Different set amounts can be used for different tasks. Where we would like to charge a set amount for a task or different set amounts for different tasks we will provide further information explaining why we think that this basis is appropriate and ask creditors to approve the basis.

Value Added Tax

The office holder's remuneration invoiced to the insolvent estate will normally be subject to VAT at the prevailing rate. The only exception to this is for services rendered in relation to Voluntary Arrangement assignments where a VAT Tribunal has ruled that such services are exempt supplies.

Agent's costs

Charged at cost based on the amount billed by the Agent instructed, the term Agent includes:

Solicitors, Legal Advisors, Debtor recovery specialists

Auctioneers, Valuers, Accountants

www.mb-i.co.uk

MB Insolvency www.mb-i.co.uk

Quantity Surveyors

Estate Agents

Document Storage Agents

Other Specialist Advisors

Disbursements

In accordance with Statement of Insolvency Practice 9 (SIP9) the basis of disbursement allocation in respect of disbursements incurred by the Office Holder in connection with the administration of the estate must be fully disclosed to creditors. Disbursements are categorised as either Category 1 or Category 2.

Category 1 expenses are directly referable to an invoice from a third party, which is either in the name of the estate or MB Insolvency; in the case of the latter, the invoice makes reference to, and therefore can be directly attributed to, the estate. These disbursements are recoverable in full from the estate without the prior approval of creditors either by a direct payment from the estate or, where the firm has made payment on behalf of the estate, by a recharge of the amount invoiced by the third party. Examples of category 1 disbursements are postage, mail redirection, travel, swear fee, company searches, land registry searches, statutory advertising, external meeting room hire, external storage, specific bond insurance and subsistence.

Category 2 expenses are incurred by the firm and recharged to the estate; they are not attributed to the estate by a third party invoice and/or they may include a profit element. These disbursements are recoverable in full from the estate, subject to the basis of the disbursement charge being approved by creditors in advance. Examples of category 2 disbursements are photocopying, internal room hire, internal storage.

The category 2 disbursements that MB Insolvency apply, when seeking recovery, are as follows;

<u>Type</u> Rate

Photocopying 17p per sheet

Room Hire (where MB insolvency room

is used for formal meetings with external parties) £60 per hour

Registered Office Fee £125 per annum

Mileage 60p per mile

Insolvency Practitioners System £125 per case

www.mb-i.co.uk

Professional advisors

On this assignment the office holder has used the professional advisers listed below. The Office holder has also indicated the basis of their fee arrangement with them, which is subject to review on a regular basis.

Name of professional advisor	Basis of fee arrangement
Harrison Clark Rickerbys	Time costs
Langard Lifford Hall	Time costs
Deeley Matthews	Percentage of realisations and time costs

The office holder's choice was based on his perception of the professional adviser's experience and ability to perform this type of work, the complexity and nature of the assignment and the basis of his fee arrangement with them.
