d. CIRCUMSTANCES GIVING RISE TO THE APPOINTMENT OF ADMINISTRATORS

The company was incorporated in 1988 and the current directors were appointed in 1991. The directors had traded as tyre wholesalers and fitters for a number of years in a partnership prior to the business being incorporated

The business traded from an outlet on London Road in Westcliff-on-Sea since its inception and for the last nine years has also operated from a warehouse at Purdeys Industrial Estate in Rochford

The company traded profitably for a number of years, however in 2010 it suffered a downturn in trade which led to cashflow difficulties W J Wood & Son Limited's monthly turnover had reduced in October 2010 and November 2010 by 40% compared with that achieved during January 2010 to September 2010. This was compounded by the company being forced to turn away business in December 2010 due to insufficient stock caused by Retention of Title claims as the company struggled to pay its suppliers.

With concern from both the director and the company's bankers as to the financial position of the company, Begbies Traynor were approached to give advice as to its solvency

This review indicated that the company was insolvent and therefore the director took the decision to file a Notice on Intention to appoint Administrators on 7 January 2011

The possibility of securing a pre-packaged sale of the business was investigated, however this proved unsuccessful and the company ceased to trade on the 10 January 2011

Subsequently, the Joint Administrators were formally appointed on 19 January 2011

e. STATEMENT OF AFFAIRS

The director has prepared a statement of affairs of the Company as at 19 January 2011 which is attached at Appendix 2. It makes no provision for the costs of the administration or any subsequent liquidation or voluntary arrangement.

Our comments on the statement of affairs are as follows

The company's book debts are factored with Barclays Sales Finance, who the director estimated to be owed £464,161 at the date of Administration Barclays Bank Pic were also owed approximately £41,000 in respect of the company's overdraft As a result of the bank's security, all debt due to Barclays Bank Pic is secured on fixed charge debtor realisations

OTHER MATTERS

Potential interest in the freehold property at 841/843 London Road, Westcliff-on-Sea

On appointment, the Joint Administrators noted that the above property was listed in the company accounts as an asset of the company and the secured creditor holds a legal charge registered at Companies House over the property Edward Symmons & Partners have valued this property to have an estimated realisable value of between £250,000 and £300,000. However, the director has not included this item in his Statement

of Affairs as he has advised that this property is owned personally by the directors. Solicitors have been instructed to investigate this claim.

f. THE ADMINISTRATION PERIOD

Receipts and Payments

Attached at Appendix 1 is our account of receipts and payments from the commencement of administration, 19 January 2011 to 9 March 2011

Leasehold Interest

As advised above, independent agents, Edward Symmons & Partners have confirmed that the leasehold interest in 841/843 London Road, Westcliff-on-Sea holds no value

Book Debts

The company's book debts are being collected by Sovereign Credit Management on behalf of Barclays Sales Finance Limited. The most recent information available shows that to date, the sum of £416,212 has been received and that £137,361 remains collectable.

Barclays Bank Plc

It should be noted that while the director estimated the total outstanding liability to the secured creditor at approximately £505,161, the latest information available shows that the secured creditor is estimated to be owed the sum of £549,000

Plant & Machinery, Furniture & Equipment, Motor Vehicles & Stock

Agents, Edward Symmons & Partners have conducted an auctioned sale of the assets which were held at the company's site at Purdeys Industrial Estate, Rochford Details of the estimated realisable values for each class of assets were contained within Section E) above. The agent is currently collecting the funds due from the sale and dealing with the purchaser's collections, however early indications are that the items sold for in excess of their estimated to realise values. The agent indicates that total sale proceeds from the auction are likely to amount to approximately £91,000. The Joint Administrators will be provided with a breakdown of the realisations from the agents in due course.

The agent's fees for conducting the auction are fixed at 5% of sale proceeds plus disbursements. The agent has also advised that the costs for conducting the valuation of the company's assets are likely to be in the region of £5,000 plus VAT.

It should be noted that rates are likely to be incurred in respect of the occupation of the premises at Purdeys Industrial Estate, Rochford. The items sold in the auction were held at the premises to avoid the costs of removal and storage at another site. The cost of the rates for the period of occupation of the premises are estimated at approximately £6,000. It will also be likely that funds will be payable in respect of utilities supplied to the premises.

Remaining items with an estimated realisable value of £12,725 are held and are due to be marketed for sale in due course

Cash In Hand

The sum of £1,168 35 was received in respect of funds held on the company's premises at the cessation of trade

Re-Direction of Mail

The sum of £103 94 has been paid in respect of the re-direction of the company's mail to the office of the Joint Liquidators

Prescribed Part for unsecured creditors pursuant to Section 176A of the Act

Section 176A of the Act provides that, where the company has created a floating charge on or after 15 September 2003, the administrator must make a *prescribed part* of the Company's *net property* available for the unsecured creditors and not distribute it to the floating charge holder except in so far as it exceeds the amount required for the satisfaction of unsecured debts. *Net property* means the amount which would, were it not for this provision, be available to floating charge holders out of floating charge assets (i.e. after accounting for preferential debts and the costs of realising the floating charge assets). The floating charge holder may not participate in the distribution of the prescribed part of the Company's net property. The prescribed part of the Company's net property is calculated by reference to a sliding scale as follows.

- □ 50% of the first £10,000 of net property;
- □ 20% of net property thereafter,
- Up to a maximum amount to be made available of £600,000

An administrator will not be required to set aside the prescribed part of net property if

- the net property is less than £10,000 and the administrator thinks that the cost of distributing the prescribed part would be disproportionate to the benefit; (Section 176A(3)) or
- the administrator applies to the court for an order on the grounds that the cost of distributing the prescribed part would be disproportionate to the benefit and the court orders that the provision shall not apply (Section 176A(5))

To the best of the administrators' knowledge and belief, there are no unsatisfied floating charges created or registered on or after 15 September 2003 and, consequently, there is no net property as defined in Section 176A(6) of the Act and, therefore, no prescribed part of net property is available for distribution to the unsecured creditors

Unsecured creditors

It is currently anticipated that a dividend will become payable to unsecured creditors. In the event that the freehold property at 841/843 London Road, Westcliff-on-Sea is not an asset of the company, as described above, there remains the possibility of a dividend to unsecured creditors, however the quantum is likely to be significantly reduced.

g. ADMINISTRATORS' PROPOSALS FOR ACHIEVING THE PURPOSE OF THE ADMINISTRATION

Purpose of the Administration

We are required to set out our proposals for achieving the purpose of the administration which in this context means one of the objectives specified in paragraph 3 of Schedule B1 to the Act as set out at section 3 of this report above

For the reasons set out in our report, we presently consider that it is not reasonably practicable to achieve the objective specified in subparagraph 3(1)(a), and consequently the most appropriate objective to pursue in this case is that specified in subparagraph 3(1)(b), namely achieving a better result for the Company's creditors as a whole than would be likely if the Company were wound up (without first being in administration)

It is not reasonably practicable to achieve the objective specified in subparagraph 3(1)(a) as the company ceased to trade prior to our appointment with the employees being made redundant. As previously mentioned in this report, no parties wished to acquire the business of the company

We consider that the objective contained in subparagraph 3(1)(b) has already largely been achieved due to the safeguarding of the company's stock as a result of the Administration moratorium. As stated previously in this report, the majority of the company's stock has been realised for greater than anticipated.

Therefore, the Joint Administrators propose that the company be placed into creditors voluntary liquidation, as discussed below, shortly after the approval of the proposals

Exit from Administration

We confirm that we are of the opinion that Barclays Bank Pic is likely to be paid in full. Further, it is anticipated that the company's preferential creditors will be paid in full and that a distribution will be made to the unsecured creditors of the Company.

Administrators do not have a general power to make a distribution to unsecured creditors and may only do so if the court gives permission. It is considered that the court will only grant such permission in exceptional circumstances where the normal course for making distributions to unsecured creditors in a voluntary liquidation is inappropriate. Additionally there may be matters for enquiry concerning a company's affairs which are not within the scope of an administrator's powers and which can only be properly dealt with by a liquidator.

Consequently, as soon as we are satisfied that we have fully discharged our duties as administrators and that the purpose of the administration has been fully achieved, we propose to implement the provisions of Paragraph 83 of Schedule B1 to the Act whereby on the registration of a notice sent to the Registrar of Companies, our appointment as administrators shall cease to have effect and the Company will automatically be placed into creditors' voluntary liquidation. Paragraph 83(7) provides

The liquidators for the purpose of the winding up shall be-

- (a) a person nominated by the creditors of the company in the prescribed manner and within the prescribed period, or
- (b) If no person is nominated under paragraph (a), the Joint Administrators

We confirm that as part of our proposals we propose that we act as joint liquidators in the subsequent winding up of the Company. Creditors may nominate a different person as the proposed liquidator provided that the nomination is made after the receipt of the proposals and before the proposals are approved. The appointment of a person nominated as liquidator takes effect by the creditors approval, with or without modification, of the administrators' proposals

It is proposed that for the purpose of the winding up, any act required or authorised under any enactment to be done by the joint liquidators is to be done by all or any one or more of the persons for the time being holding office

h. ADMINISTRATORS' REMUNERATION AND DISBURSEMENTS

Pre-administration costs

In the period before the Company entered administration, the administrators carried out work consisting of an independent solvency review of the company. The Work was carried out pursuant to an agreement made

between the administrators, the secured creditor and the Company, entered into on 10 December 2010 ("the Agreement") The Agreement provides for the payment of the administrators fees and the discharge of expenses incurred by them ("the Pre-administration costs") in carrying out the Work.

The Work was carried out before the Company entered administration because the financial position of the company was unclear and required clarification. The administrators consider that the Work has furthered the achievement of the objective of administration being pursued, namely achieving a better result for the Company's creditors as a whole than would be likely if the Company were wound up (without first being in administration). This is because the highlighting of the company's position avoided the company continuing to trade, incurring further losses.

The Pre-administration costs are as follows

The fees of Begbies Traynor (Central) LLP were agreed in the sum of £5,000 plus VAT and expenses. No expenses were incurred in this respect.

The Pre-administration costs detailed above were discharged in full before the Company entered administration by the Company

Administrators' Remuneration

The Joint Administrators propose that the basis of their remuneration be fixed under Rule 2.106 of the Rules by reference to the time properly given by them (as administrators) and the various grades of their staff calculated at the prevailing hourly rates of Begbies Traynor (Central) LLP in attending to matters ansing in the administration

Total time spent to 9 March 2011 on this assignment amounts to 101 hours at an average composite rate of £257 51 per hour resulting in total time costs to 9 March 2011 of £26,009

Appendix 3 sets out the administrators' firm's hourly charge out rates and the time that they and their staff have spent in attending to matters arising in the administration since 19 January 2011

Administrators' disbursements

The administrators propose that disbursements, including disbursements for services provided by their firm (defined as Category 2 disbursements in Statement of Insolvency Practice 9) be charged in accordance with their firms policy, details of which are set out at Appendix 3. These disbursements will be identified by the administrators and subject to the approval of those responsible for determining the basis of the administrators' remuneration

In particular, creditors should note that the company's books and records are stored by Archive Facilities Limited, which is associated to partners of Begbies Traynor (Central) LLP Their charges are set out in Appendix 3

The creditors should also note that BTG Asset Consulting, which is associated to Begbies Traynor (Central) LLP, have provided assistance with the securing of the trading sites, stock taking and meeting with the company's landlord. The basis for their charges are also set out in Appendix 3.

i. OTHER INFORMATION TO ASSIST CREDITORS

Report on the conduct of directors

The administrators have a statutory duty to investigate the conduct of the directors and any person they consider to be or have been a shadow or de facto director during the period of three years before the date of their appointment, in relation to their management of the affairs of the Company and the causes of its failure. The administrators are obliged to submit confidential reports to the Department for Business, Innovation and Skills.

Creditors who wish to draw any matters to the attention of the administrators' should write to them at their address detailed at Section 3 of this report.

Connected party transactions

The administrators have not been made aware of any sales of the Company's assets to connected parties

i. CONCLUSION

Pursuant to paragraph 58 of Schedule B1 to the Act, the administrators' proposals will be considered at an initial meeting of the Company's creditors conducted by means of a postal resolution in accordance with the Notice of conduct of business by correspondence (Form 2 25B) accompanying this document. Rule 2 48(7) provides that a creditor or creditors of the Company whose debts amount to at least 10% of the total debts of the Company, may requisition a meeting of creditors, rather than the meeting being conducted by correspondence. Any such requisition must be in the prescribed manner in accordance with Rule 2 37 and be made within 5 business days of the date on which the administrators' statement of proposals is sent out.

Subject to the approval of our proposals we will report on progress again approximately six months after the commencement of the administration, or at the conclusion of the administration, whichever is the sooner

BEGBIES TRAYNOR CHARGING POLICY

INTRODUCTION

This note applies where a licensed insolvency practitioner in the firm is acting as an office holder of an insolvent estate and seeks creditor approval to draw remuneration on the basis of the time properly spent in dealing with the case. It also applies where further information is to be provided to creditors regarding the office holder's fees following the passing of a resolution for the office holder to be remunerated on a time cost basis. Best practice guidance1 requires that such information should be disclosed to those who are responsible for approving remuneration

In addition, this note applies where creditor approval is sought to make a separate charge by way of expenses or disbursements to recover the cost of facilities provided by the firm and also where payments are to be made to outside parties in which the office holder or his firm or any associate has an interest. Best practice guidance² requires that such charges should be disclosed to those who are responsible for approving the office holder's remuneration, together with an explanation of how those charges are calculated

OFFICE HOLDER'S FEES IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

The office holder has overall responsibility for the administration of the estate, He/she will delegate tasks to members of staff. Such delegation assists the office holder as it allows him/her to deal with the more complex aspects of the case and ensures that work is being carried out at the appropriate level There are various levels of staff that are employed by the office holder and these appear below

The firm operates a time recording system which allows staff working on the case along with the office holder to allocate their time to the case. The time is recorded at the individual's hourly rate in force at that time which is detailed below.

EXPENSES INCURRED BY OFFICE HOLDERS IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

Best practice guidance classifies expenses into two broad categories

- Category 1 expenses (approval not required) specific expenditure that is directly related to the case usually referable to an independent external supplier's invoice. All such items are charged to the case as they are incurred
- Category 2 expenses (approval required) items of incidental expenditure directly incurred on the case which include an element of shared or allocated cost and which are based on a reasonable method of calculation
 - (A) The following items of expenditure are charged to the case (subject to approval)
 - Internal meeting room usage for the purpose of statutory meetings of creditors may be charge by some offices and is charged at the rate of £100 (London £150) per meeting External meeting room usage is charged at cost,
 - Car mileage is charged at the rate of 50 pence per mile,

Expenses which should be treated as Calegory 2 expenses (approval required) - in addition to the 2 categories referred to above, best practice guidance indicates that where payments are made to outside parties in which the office holder or his firm or any associate has an interest these should be treated as Category 2 expenses The following items of expenditure which
