Specsavers UK Holdings Limited

Strategic Report for the Year Ended 28 February 2018

The directors present their strategic report for the year ended 28 February 2018.

For the purpose of this report the Specsavers Group shall mean the Company's ultimate parent, Specsavers International Healthcare Limited and its subsidiaries and the Group shall mean Specsavers UK Holdings Limited and its subsidiaries.

Principal activity

The principal activity of the Group is to act as a retailer of optical and audiology products and services in the United Kingdom.

Changes to Group Structure and Presentation of Financial Statements

The Board of Directors took the decision to restructure shareholdings for the Specsavers Group's UK retail operations in order to more clearly present all of its UK retail operations in a single set of financial statements. In order to do this, the Specsavers Group created a new UK registered company, Specsavers UK Holdings Limited. All shares held within the Specsavers Group relating to its UK retail operations were then transferred into this new entity with an effective date of 1 March 2017.

More information on the impact of the Group reconstruction is included in the Directors' Report and note 2 to the financial statements.

Review of the business

During the year, the directors' key performance indicators, of turnover and operating profit in respect of continuing operations increased by 5.8% (2017: 6.4%) to £1,361m (2017: £1,286m) and decreased by 0.9% (2017: 3.1% decrease) to £91m (2017: £92m) respectively. Growth in turnover is in line with the Group's ambitions to grow market share.

Operating profit has decreased due to a number of external factors. These are mainly but not exclusively due to an increase in people related costs as a consequence of the impact of the apprentice levy and increases in the national minimum wage.

For more information in relation to Group performance refer to the annual review and corporate responsibility report at www.specsavers.co.uk/news-and-information/community.

The optical and audiological retailing industry continues to be highly competitive environments and the directors believe that continuing to provide high quality products to its retail customers along with an unrivalled service is key to ensuring the continued success of the business.

Specsavers UK Holdings Limited

Strategic Report for the Year Ended 28 February 2018 (continued)

Principal risks and uncertainties

The Board of Directors are responsible for the management of the risk profile of the Group and has considered the requirements of section 414C of the Companies Act 2006. The below list is not a comprehensive list of all risks facing the Group nor are they positioned in order of importance. This summary is to illustrate only those significant risks and uncertainties facing the Group.

Specsavers Group has established a risk and financial management framework whose primary objectives are to protect companies in the Specsavers Group from events that hinder the achievement of their performance objectives. The Board, in all respects, has a low appetite for risk and as a result, the objectives of the risk management framework are to limit undue exposure to risk, ensure sufficient working capital exists to fund the Group's continuing operations and to monitor the management of risk at a business unit level. The framework for risk and financial management is undergoing a review which may affect the Board's assessment and appetite for risk in future periods.

The principal risks and uncertainties facing the Group are broadly grouped as - Market risk, Reputational risk, Legal and Regulatory risk and Operational risk.

Market risk

Market position eroded by competition

The markets in which the Group operates are highly competitive and as such action taken by competitors could threaten the future market position of the Group. This is mitigated by the constant and rigorous review of competitor activity as well as analysis of key threats and risk areas across all of the Specsavers Group's markets. Benchmarking competitor performance allows the Group to take strategic action to counteract the impact of competitor actions.

The Board considers the likelihood of competitors taking action to challenge the Group's market position to be high, however it believes the strategies it has in place to manage these risks will minimise the impact of any competitor action.

Specsavers UK Holdings Limited

Strategic Report for the Year Ended 28 February 2018 (continued)

Uncertainties in the wider economy

The Group is exposed to market risk in relation to the performance of the broader UK economy; consumer spending levels and habits; and competition from other market participants.

The Group seeks to manage these risks by ensuring that its retail operations have a wide geographical spread and through leveraging the buying power of the Specsavers Group supply chain which in turn enables the Group to deliver a competitive pricing strategy to maintain its position in the market and deliver unmatched value to its customers.

Along with the wider UK businesses, uncertainty with regards to Brexit is being monitored by the Group. The Specsavers Group has established a focus group to monitor the situation and assess the impact of any changes in legislation and regulations.

The Board considers the likelihood of changes in the wider UK economy to be moderate however considers the impact of any such changes to be low.

Failure to deliver on technology improvement and change

As part of maintaining a leading market position the Group must change and adapt by investing in new technologies, systems and infrastructure. Deployment of these various programmes for change is critical to the ongoing success of the business and failure to achieve the anticipated commercial, operational and/or financial benefits from such programmes could adversely affect the Group.

The Board considers the likelihood of failing to deploy such technological improvements and changes to be moderate and considers the impact of any such failure to be moderate. The Board believes that the systems and processes it has in place to deliver the technology improvements are sufficient to effectively manage these risks.

Reputational risk

Product quality risk

The Group is dependent on the supply of products from Specsavers Group. Factors such as provision of defective products could negatively affect reputation and/or brand image through adverse consumer publicity which could have a material impact on our reputation and brand image. To mitigate this risk, Specsavers Group enforces stringent controls in relation to the manufacture of products; the vetting and testing of suppliers; as well rigorous policies and procedures in relation to the training of staff. The Board consider the likelihood of an instance of such a failure in its supply chain or in the services delivered by the Group to be low but recognises that the impact of any such instance occurring could be high.

Legal and regulatory risk

Non-compliance with laws and regulations

The Group could be negatively impacted by changes to existing regulation, new regulations and/or non-compliance with laws and regulations. This risk is mitigated through the use of external experts where required; through the use of the Specsavers Group's expertise; and education and training of staff to ensure compliance with regulations.

The Board considers the likelihood of an instance of non-compliance with professional and/or regulatory standards to be low but recognises that the impact of any such instance occurring could be high.

Specsavers UK Holdings Limited

Strategic Report for the Year Ended 28 February 2018 (continued)

Data Protection and information security

In the normal course of business the Group processes a significant volume of confidential personal data. The Group has a robust data protection policy and system of control over personal and business data. Failure to protect such data is a risk to the Group.

The Specsavers Group faces compliance risk with the General Data Protection Regulation (GDPR) due to come into effect from 25 May 2018. These new regulations may result in an increase in regulatory risk in the short-term as the regulator starts to review implementation. The Specsavers Board has taken steps to ensure compliance with the new regulations having undertaken a significant program of review to support the business with and impact from the new regulation including but not limited to, process updates, control review and staff training.

The Specsavers Group has deployed and maintains information governance, controls, processes and tools for management of information security and data protection.

The Board considers the likelihood of a failure to protect personal data to be low but recognises that the impact of any such instance occurring could be high.

Operational risk

Failure of product supply chain

The Group's position in the market is predicated on providing products to its customers in a timely and reliable manner through the Specsavers Group supply chain. The Specsavers Group has in place rigorous quality control and oversight processes and procedures to enable the Group to deliver quality product to its customers within a short timescale.

The Board considers the likelihood of an instance of such a failure in its supply chain to be low but recognises that the impact of any such instance occurring could be moderate.

Inability to attract, develop and retain talent

In addition, the Group faces challenges and risks in relation to the procurement and retention of staff. As a professional services provider the Group is exposed to the risk that it does not have access to a workforce with the requisite skills and experience to support the Group's operations.

In order to manage this risk the Group has worked with the Specsavers Group to create a dedicated recruitment function to attract the best talent. The Group has also significantly invested in staff welfare and training programmes to ensure the core values at the heart of the Specsavers brand are instilled in the workplace in order to retain staff.

The Board considers the likelihood of being unable to recruit staff with the requisite skills and experience to be low and considers the impact of being unable to do so to be moderate.

Other risks

Further to the above significant risks, the Board of Directors has considered the exposure of the Group to price, credit, liquidity and cash flow risk. The Board of Directors has determined that the exposure to the Group relating to these risks is such that they are not considered principal risks for the purposes of this strategic report.

Specsavers UK Holdings Limited

Strategic Report for the Year Ended 28 February 2018 (continued)

Key performance indicators

The Board utilises a number of financial and non-financial key performance indicators to enable a consistent method of analysing performance. Performance has been assessed with reference to the continuing operations of the business. The key performance indicators utilised by the Board are as follows:

Financial Key Performance Indicators

Turnover on retail sales

The directors consider turnover in relation to retail sales to be a key metric for reflecting for overall success of Specsavers' UK retail operations. This performance indicator has been previously discussed in the review of the business section above.

Operating profit margin

Operating profit measures the profit achieved on the Group's profit generating activities after taking account of the total operating costs incurred, before finance costs and taxation. The margin is calculated by taking operating profit and dividing it by turnover on retail sales as disclosed in note 3 to the financial statements. The Group achieved an operating profit of 6.7%, a decrease from 7.1% in the prior year. This is broadly in line with management's expectations.

Current ratio

Current ratio measures the liquidity of the Group and is a key indicator of its ability to meet its ongoing commitments. It is calculated by dividing current assets by current liabilities.

The Group achieved a current ratio of 0.85 (2017:0.89). The Group has in place parental support in order to ensure the Group meets its ongoing commitments.

Other Key Performance Indicators

Employee feedback

Annually, the Group conducts a confidential staff feedback survey to assess employee engagement across the store teams, which is then benchmarked independently against other organisations. The results of this survey are used by store partners and managers alike to help shape people plans in all parts of the business. In 2017, 71% of store colleagues responded to the survey. In stores, engagement is at 87% which is equivalent to the Willis Towers Watson high-performing benchmark - eight points above the UK retail norm.

Approved by the Board on 23 May 2018 and signed on its behalf by:

J D Perkins
Director

Specsavers UK Holdings Limited

Directors' Report for the Year Ended 28 February 2018

The directors present their report, strategic report and consolidated financial statements for the year ended 28 February 2018.

Directors of the Group

The directors who held office during the year were as follows:

M L Perkins - Director (appointed 27 June 2017 and resigned 21 November 2017)

J D Perkins (appointed 21 November 2017)

S D Moore (appointed 21 November 2017)

J P Marshall (appointed 21 November 2017)

P B Fussey (appointed 21 November 2017 and resigned 21 May 2018)

Specsavers Optical Group Limited - Company secretary and director (appointed 27 June 2017)

The following director was appointed after the year end:

T M Buller (appointed 21 May 2018)

S D Moore - deputy Company secretary (appointed 21 November 2017)

Group reconstruction

During the year, effective date 1 March 2017, the equity holdings in all UK-based optical retail companies (registered office: Forum 6, Parkway, Solent Business Park, Whiteley, Fareham, PO15 7PA) were transferred from either Specsavers Optical Superstores Limited or Specsavers Optical Group Limited to Specsavers UK Holdings Limited.

Additionally, during the year, effective date 1 March 2017, the equity holdings in all UK-based audiological retail companies (registered office: Forum 6, Parkway, Solent Business Park, Whiteley, Fareham, PO15 7PA) were transferred from either Specsavers Hearcare Group Limited or Specsavers Hearcare Limited to Specsavers UK Holdings Limited.

The transfer of equity resulted in the combining of all the companies and their subsidiaries into the Specsavers UK Holdings Limited Group. With the transfers taking place within the Specsavers Group, the business combination has been accounted for as a group reconstruction using merger accounting, as permitted by FRS 102.19.6. A 'group reconstruction' being defined as 'the transfer of an equity holding from one group entity to another'. Also, paragraphs 8 and 10 of Schedule 6, Part 1, SI 2008/410 permit the use of merger accounting in these circumstances.

The ultimate controlling parent, Specsavers International Healthcare Limited (registered office: La Villiaze, St Andrews, Guernsey, GY6 8YP), remained unchanged.

Specsavers UK Holdings Limited was incorporated on 27 June 2017.

Dividends and transfers to reserves

During the year the Group paid an interim dividend for the year under review of £Nil (2017: £Nil). The profit for the financial year of £67,623,361 (2017: £69,546,141) has been transferred to retained earnings (£3,980,989) (2017: £3,560,132) and non-controlling interests (£63,642,372) (2017: £65,986,009). The directors do not recommend payment of a final dividend (2017: £Nil).

Employment of disabled persons

The Group is committed to its equality and diversity policy which seeks to ensure that, from recruitment and selection, through to training and development, appraisal and promotion, all persons, including those with disability, are treated fairly and have an equal chance to contribute and achieve their maximum potential.

Specsavers UK Holdings Limited

Directors' Report for the Year Ended 28 February 2018 (continued)

Employee involvement

The Group updates its employees via its global intranet site, which provides information on the Group, its activities, its performance and future plans. The Group encourages the involvement of employees in the performance of the Group through an employee profit share scheme.

Future developments

The Group is committed to providing high quality, affordable optical and audiological care in all the communities it serves. The Group will continue to invest in its people and its products to deliver on its commitment.

Going concern

After making enquiries, the directors have a reasonable expectation that the Group has adequate resources to continue in operational existence for the foreseeable future, being at least 12 months from sign off date. Accordingly, they continue to adopt the going concern basis in preparing the annual report and accounts.

Disclosure of information to the auditor

Each director has taken steps that they ought to have taken as a director in order to make themselves aware of any relevant audit information and to establish that the Group's auditors are aware of that information. The directors confirm that there is no relevant information that they know of and of which they know the auditors are unaware.

This confirmation is given and should be interpreted in accordance with the provisions of s418 of the Companies Act 2006.

Appointment of auditors

BDO LLP were appointed as auditors on 3 November 2017.

Approved by the Board on 23 May 2018 and signed on its behalf by:

.....
J D Perkins
Director

Specsavers UK Holdings Limited

Statement of Directors' Responsibilities

The directors are responsible for preparing the strategic report, directors' report and the consolidated financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Group and the Company and of the profit or loss of the Group for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Group will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Group's and Company's transactions and disclose with reasonable accuracy at any time the financial position of the Group and the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Group and the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Specsavers UK Holdings Limited

Independent Auditor's Report to the Members of Specsavers UK Holdings Limited

Opinion

We have audited the consolidated financial statements of Specsavers UK Holdings Limited (the 'parent Company') and its subsidiaries (the 'Group') for the year ended 28 February 2018, which comprise the Consolidated Profit and Loss Account, Consolidated Statement of Comprehensive Income, Consolidated Balance Sheet, Company Balance Sheet, Consolidated Statement of Changes in Equity, Company Statement of Changes in Equity, Consolidated Statement of Cash Flows, and Notes to the Financial Statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland* (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the Group's and the parent Company's affairs as at 28 February 2018 and of the Group's profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice;
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Group in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

The purpose of our audit and to whom we owe our responsibilities

This report is made solely to the parent Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the parent Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the parent Company and the parent Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the Group's or the parent Company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Specsavers UK Holdings Limited

Independent Auditor's Report to the Members of Specsavers UK Holdings Limited (continued)

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- *the information given in the Strategic Report and Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements; and*
- *the Strategic Report and Directors' Report have been prepared in accordance with applicable legal requirements.*

Matters on which we are required to report by exception

In the light of our knowledge and understanding of the Group and the parent Company and its environment obtained in the course of the audit, we have not identified material misstatements in the Strategic Report and the Directors' Report.

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- *adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or*
- *the financial statements are not in agreement with the accounting records and returns; or*
- *certain disclosures of directors' remuneration specified by law are not made; or*
- *we have not received all the information and explanations we require for our audit.*

Responsibilities of directors

As explained more fully in the Statement of Directors' Responsibilities set out on page 9, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the parent Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Specsavers UK Holdings Limited

**Independent Auditor's Report to the Members of Specsavers UK Holdings Limited
(continued)**

Auditor's responsibilities for the audit of the financial statements

Objectives

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Specsavers UK Holdings Limited

Notes to the Financial Statements for the Year Ended 28 February 2018

1 General information

The Company is a private company limited by share capital, incorporated in England and Wales.

The address of its registered office is:

Forum 6, Parkway
Solent Business Park
Fareham
PO15 7PA
United Kingdom

2 Accounting policies

Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Statement of compliance

These financial statements are prepared in accordance with United Kingdom Accounting Standards, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'.

Basis of preparation

The financial statements are prepared in sterling which is the functional currency of the Company and are rounded to the nearest £'000.

Summary of exemptions

The Company holds investments of the share capital of all UK based Optical and Audiological retail companies as contained in Note 13 of the accounts. As the immediate parent Company, it has provided a guarantee under the provisions of the Companies Act 2006, s479C, for an audit exemption for these companies. The results of these companies and the Parent Company are included in the consolidated financial statements for the year ended 28 February 2018.

All the subsidiaries listed in note 13 have taken advantage of the exemption from having their accounts audited under the provisions of the Companies Act 2006, s479A.

No cash flow statement has been presented for the parent company as permitted under FRS 102.

Basis of consolidation

The Group financial statements consolidate the financial statements of the Company and its subsidiary undertakings drawn up to 28 February 2018.

No income statement is presented for the Company as permitted by section 408 of the Companies Act 2006.

Specsavers UK Holdings Limited

Notes to the Financial Statements for the Year Ended 28 February 2018 (continued)

2 Accounting policies (continued)

A subsidiary is an entity controlled by the Company. Control is achieved where the Company has the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities.

The results of subsidiaries acquired or disposed of during the year are included in the Profit and Loss Account from the effective date of acquisition or up to the effective date of disposal, as appropriate. Where necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with those used by the Group.

The purchase method of accounting is used to account for business combinations that result in the acquisition of subsidiaries by the Group. The cost of a business combination is measured as the fair value of the assets given, equity instruments issued and liabilities incurred or assumed at the date of exchange, plus costs directly attributable to the business combination. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. Any excess of the cost of the business combination over the acquirer's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities recognised is recorded as goodwill.

Inter-company transactions, balances and unrealised gains on transactions between the Company and its subsidiaries, which are related parties, are eliminated in full.

Intra-group losses are also eliminated but may indicate an impairment that requires recognition in the consolidated financial statements.

Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group. Non-controlling interests in the net assets of consolidated subsidiaries are identified separately from the Group's equity therein. Non-controlling interests consist of the amount of those interests at the date of the original business combination and the non-controlling shareholder's share of changes in equity since the date of the combination. Total comprehensive income is attributed to non-controlling interests even if this results in the non-controlling interest having a deficit balance.

With effect from 1 March 2017, the controlling equity holdings of all the UK-based optical retail and audiological retail companies were transferred from other group companies to Specsavers UK Holdings Limited. The ultimate controlling party, Specsavers International Healthcare Limited, remained unchanged, and consequently, this was deemed a group reconstruction. As permitted by FRS 102, and in accordance with the Companies Act, merger accounting has been used to reflect the nature and substance of the transfers in trade. The impact of this is that the results and cash flows of all the combining entities are brought into the consolidated financial statements of the Specsavers UK Holdings Limited group as if the entity had always prepared financial statements on this basis, and consequently comparative information is presented for the group despite the fact the Company had not been incorporated at the beginning of the comparative period. As required under merger accounting, the assets and liabilities of the parties to the combination are not adjusted to fair value, and no goodwill is recognised, although appropriate adjustments are made to achieve uniformity of accounting policies.

Specsavers UK Holdings Limited

Notes to the Financial Statements for the Year Ended 28 February 2018 (continued)

2 Accounting policies (continued)

Judgements and key sources of estimation uncertainty

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported for assets and liabilities as at the balance sheet date and the amounts reported for revenues and expenses during the year. However, the nature of estimation means the actual outcomes could differ from those estimates. The following judgements have had the most significant effect on the amounts recognised in the financial statements:

Goodwill and intangibles

The Group establishes a reliable estimate of the useful life of goodwill and intangible assets arising on business combinations. This estimate is based on a variety of factors such as the expected use of the acquired asset, the expected useful life of the cash generating units to which the goodwill is attributed, any legal, regulatory or contractual provisions that can limit useful life and assumptions that market participants would consider in respect of similar businesses.

Impairment of non-financial fixed assets

Where there are indicators of impairment of individual assets, the Group performs impairment tests based on fair value less costs to sell or a value in use calculation. The fair value less costs to sell calculation is based on available data from binding sales transactions in an arm's length transaction on similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a discounted cash flow model. The cash flows are derived from the budget for the next five years and do not include restructuring activities that the Group is not yet committed to or significant future investments that will enhance the performance of the cash generating unit being tested. The recoverable amount is most sensitive to the discount rate used for the discounted cash flow model as well as the expected future cash flows and the growth rate used for extrapolation purposes.

Deferred revenue

Deferred revenue arises when cash is received in advance of revenue being earned, either in the form of deposits received for spectacles which have not been collected or direct debit payments received for contact lenses in advance of delivery of the lenses to the customer. Deferred revenue is a liability on the Balance Sheet until it is earned. Customer data is used to estimate the value of uncollected spectacle sales which should be deferred at the year-end. Deferred revenue for contact lens sales purchased by direct debit is estimated using system reports which allow a calculation of where each customer is in their payment cycle and therefore how much has been paid in advance of delivery of goods.

Taxation

The Group establishes provisions based on reasonable estimates, for possible consequence of audits by the tax authorities. The amount of such provisions is based upon various factors, such as experience with previous tax audits and differing interpretations of tax regulations by the taxable entity and the responsible tax authority. Management estimation is required to determine the amount of deferred tax assets that can be recognised, based upon likely timing and level of future taxable profits together with an assessment of the effect of future tax planning strategies.

Specsavers UK Holdings Limited

Notes to the Financial Statements for the Year Ended 28 February 2018 (continued)

2 Accounting policies (continued)

Revenue recognition

Revenue is recognised to the extent that the Company obtains the right to consideration in exchange for its performance. Revenue is measured at the fair value of the consideration received, excluding discounts, rebates, VAT and other sales taxes or duty. The following criteria must also be met before revenue is recognised:

Revenue from the sale of goods and services is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer, usually on despatch of the goods, or when services are provided and the amount of revenue can be measured reliably, it is probable that the economic benefits associated with the transaction will flow to the entity and the costs incurred or to be incurred in respect of the transaction can be measured reliably.

Tax

Current tax is provided at amounts expected to be paid (or recovered) using tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax is recognised in respect of all timing differences which are differences between taxable profits and total comprehensive income that arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in the financial statements, except that unrelieved tax losses and other deferred tax assets are recognised only to the extent that the directors consider that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

Tangible fixed assets

Tangible assets are stated in the balance sheet at cost, less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

The cost of tangible assets includes directly attributable incremental costs incurred in their acquisition and installation.

Depreciation

Depreciation is provided on a straight line basis at the following rates in order to write off the cost less estimated residual value of each asset over its estimated useful life (or if held under a finance lease, over the lease term, whichever is the shorter):

Asset class	Depreciation method and rate
Furniture, fittings, tools and equipment	7%-50%
Motor Vehicles	25%
Plant and machinery	7%-50%

Specsavers UK Holdings Limited

Notes to the Financial Statements for the Year Ended 28 February 2018 (continued)

2 Accounting policies (continued)

Business combinations

Business combinations are generally accounted for using the purchase method. The consideration for each acquisition is measured at the aggregate of the fair values at acquisition date of assets given, liabilities incurred or assumed, and equity instruments issued by the Group in exchange for control of the acquired entity, plus any costs directly attributable to the business combination. When a business combination agreement provides for an adjustment to the cost of the combination contingent on future events, the Group includes the estimated amount of that adjustment in the cost of the combination at the acquisition date if the adjustment is probable and can be measured reliably.

Where a business combination falls within the definition of a group reconstruction, merger accounting is used. In this instance the carrying values of the assets and liabilities of the parties to the combination are not required to be adjusted to fair value, although appropriate adjustments are made to achieve uniformity of accounting policies in the combining entities. The results and cash flows of all the combining entities are brought into the financial statements of the combined entity from the beginning of the financial year in which the combination occurred, adjusted so as to achieve uniformity of accounting policies. The comparative information is restated by including the total comprehensive income for all the combining entities for the previous reporting period and their balance sheets for the previous reporting date, adjusted as necessary to achieve uniformity of accounting policies.

Goodwill

Positive goodwill acquired is capitalised, classified as an asset on the balance sheet and amortised on a straight line basis over its useful life. Goodwill acquired is, from the acquisition date, allocated to each cash generating unit that is expected to benefit from the synergies of the acquisition. If a business is subsequently sold or discontinued, any goodwill arising on acquisition that has not been amortised through the profit and loss account is taken into account in the profit or loss on sale or discontinuance.

Amortisation

Amortisation is provided on intangible assets so as to write off the cost, less any estimated residual value, over their useful life as follows:

Asset class	Amortisation method and rate
Goodwill	0-10 years

Investments

Investments, including investments held as current assets, are recognised initially at fair value which is normally the transaction price (but excludes any transaction costs, where the investment is subsequently measured at fair value through profit and loss). Subsequently, they are measured at fair value through profit or loss except for those equity investments that are not publicly traded and whose fair value cannot otherwise be measured reliably which are recognised at cost less impairment until a reliable measure of fair value becomes available. If a reliable measure of fair value is no longer available, the equity instrument's fair value on the last date the instrument was reliably measurable is treated as the cost of the instrument.

Stock

Stocks are stated at the lower of cost and estimated selling price less costs to complete and sell. Cost is determined using the weighted average method.

The cost of finished goods and work in progress comprises direct materials and, where applicable, direct labour costs and those overheads that have been incurred in bringing the stocks to their present location and condition. At each reporting date, stocks are assessed for impairment. If stocks are impaired, the carrying amount is reduced to its selling price less costs to complete and sell; the impairment loss is recognised immediately in profit or loss.

Specsavers UK Holdings Limited

Notes to the Financial Statements for the Year Ended 28 February 2018 (continued)

2 Accounting policies (continued)

Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, call deposits, and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of change in value. The directors have included the balances owed to and from Specsavers Finance (Guernsey) Limited, the Group Treasury Company within cash equivalents.

Short term debtors and creditors

Debtors and creditors with no stated interest rate and receivable or payable within one year are recorded at transaction price. Any losses arising from impairment are recognised in the profit and loss account in other operating expenses.

Borrowings

All interest-bearing loans and borrowings which are basic financial instruments are initially recorded at the present value of cash payable to the bank (including interest). After initial recognition, they are measured at amortised cost using the effective interest rate method. The effective interest rate amortisation is included in interest payable in the profit and loss account.

Provisions

A provision is recognised when the Group has a legal or constructive obligation as a result of a past event and it is probable that an outflow of economic benefits will be required to settle the obligation.

Leases

Leases in which substantially all the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases are charged to profit or loss on a straight-line basis over the period of the lease. Lease incentives are recognised over the lease term on a straight line basis.

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee.

Assets held under finance leases and hire purchase contracts are capitalised in the balance sheet and are depreciated over the shorter of the useful life of the asset and the lease term. A corresponding liability is recognised for the lower of the fair value of the leased asset and the present value of the minimum lease payments in the balance sheet. Lease payments are apportioned between the reduction of the lease liability and finance charges in the profit and loss account so as to achieve a constant rate of interest on the remaining balance of the liability.

Share capital

Ordinary shares are classified as equity. Equity instruments are measured at the fair value of the cash or other resources received or receivable, net of the direct costs of issuing the equity instruments. If payment is deferred, the initial measurement is on a present value basis.

Dividends

Dividend distribution to the Company's shareholders is recognised as an appropriation of equity if paid in the year, otherwise, as a liability in the financial statements in the reporting period in which the dividends are declared.

Specsavers UK Holdings Limited

Notes to the Financial Statements for the Year Ended 28 February 2018 (continued)

2 Accounting policies (continued)

Defined contribution pension obligation

A defined contribution plan is a pension plan under which fixed contributions are paid into a pension fund and the Group has no legal or constructive obligation to pay further contributions even if the fund does not hold sufficient assets to pay all employees the benefits relating to employee service in the current and prior periods.

Contributions to defined contribution plans are recognised as employee benefit expense when they are due. If contribution payments exceed the contribution due for service, the excess is recognised as a prepayment.

3 Turnover

The analysis of the Group's turnover for the year from continuing operations is as follows:

	2018 £ 000	2017 £ 000
Retail sales	1,360,808	1,285,821
Other revenue	185	143
	<u>1,360,993</u>	<u>1,285,964</u>

The analysis of the Groups's turnover for the year by market is as follows:

	2018 £ 000	2017 £ 000
UK	<u>1,360,993</u>	<u>1,285,964</u>

4 Operating profit

Arrived at after charging/(crediting)

	2018 £ 000	2017 £ 000
Depreciation expense	25,555	22,711
Amortisation expense	274	368
Impairment loss	-	478
Operating lease expense - property	36,499	35,848
Operating lease expense - plant and machinery	427	376
Profit on disposal of property, plant and equipment	<u>(39)</u>	<u>(140)</u>

Specsavers UK Holdings Limited

Notes to the Financial Statements for the Year Ended 28 February 2018 (continued)

5 Interest receivable and similar income

		2018	2017
	Note	£ 000	£ 000
Interest receivable from Group Treasury Company	24	<u>77</u>	<u>67</u>

6 Interest payable and similar expenses

		2018	2017
	Note	£ 000	£ 000
Interest payable to Group Treasury Company	24	1,884	1,553
Interest on obligations under finance leases and hire purchase contracts		617	948
Interest expense on other finance liabilities		<u>44</u>	<u>22</u>
		<u>2,545</u>	<u>2,523</u>

7 Staff costs

The aggregate payroll costs (including directors' remuneration) were as follows:

	2018	2017
	£ 000	£ 000
Wages and salaries	398,812	378,730
Social security costs	24,289	22,784
Pension costs, defined contribution scheme	<u>4,643</u>	<u>3,237</u>
	<u>427,744</u>	<u>404,751</u>

The Company has no employees and as a consequence no staff costs have been incurred. Directors are remunerated through a parent company.

The average number of persons employed by the Group (including directors) during the year, analysed by category was as follows:

	2018	2017
	No.	No.
Retail operations	<u>20,734</u>	<u>20,826</u>

There were no pension contributions outstanding at the year end (2017: £Nil).

8 Directors' remuneration

During the current and prior year, none of the directors received remuneration for their service as director.

Specsavers UK Holdings Limited

Notes to the Financial Statements for the Year Ended 28 February 2018 (continued)

9 Auditors' remuneration

	2018	2017
	£ 000	£ 000
Audit fees	<u>141</u>	<u>1,082</u>

Audit fees for the current year relate to BDO LLP and for the comparative period to Ernst and Young LLP.

10 Taxation

Tax charged/(credited) in the income statement

	2018	2017
	£ 000	£ 000

Arising from origination and reversal of timing differences	(104)	(243)
Arising from changes in tax rates and laws	-	217
Arising from previously unrecognised tax loss, tax credit or temporary difference of prior periods	<u>3,472</u>	<u>(131)</u>
Total deferred taxation	<u>3,368</u>	<u>(157)</u>
Tax expense on profit on ordinary activities	<u>20,700</u>	<u>19,617</u>

The tax on profit on ordinary activities for the year differs from the standard rate of corporation tax in the UK of 19.08% (2017: 20%).

The differences are reconciled below:

Specsavers UK Holdings Limited

Notes to the Financial Statements for the Year Ended 28 February 2018 (continued)

10 Taxation (continued)

	2018	2017
	£ 000	£ 000
Profit before tax	<u>88,323</u>	<u>89,163</u>
Corporation tax at standard rate	16,855	17,928
Effect of expense not deductible for tax purposes / income not taxable	1,000	919
Prior year adjustment - corporation tax	(2,314)	(33)
Prior year adjustment - deferred tax	3,472	(131)
Movement in unrecognised deferred tax losses	1,390	192
Impact of future changes in tax rates on deferred tax	277	544
Adjustments in respect of acquisitions / disposals	-	62
Non-deductible goodwill amortisation	<u>20</u>	<u>136</u>
Total tax charge	<u>20,700</u>	<u>19,617</u>

Deferred tax

Group

The deferred tax recognised in the balance sheet is as follows:

	2018	2017
	£ 000	£ 000
Short term timing differences	368	95
Tax losses carried forward/utilised	67	739
Fixed asset timing differences	<u>4,498</u>	<u>7,469</u>
	<u>4,933</u>	<u>8,303</u>

15

	2018	2017
	£ 000	£ 000
1 March	8,303	7,905
Restatement of prior year at new rate		(217)
Movement in the year	104	243
Adjustment in respect of prior year	(3,472)	131
On subsidiaries purchased	(1)	292
On subsidiaries disposed	<u>(1)</u>	<u>(51)</u>
28 February	<u>4,933</u>	<u>8,303</u>

Specsavers UK Holdings Limited

Notes to the Financial Statements for the Year Ended 28 February 2018 (continued)

10 Taxation (continued)

A deferred tax asset is regarded as recoverable, and therefore recognised, only to the extent that, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted. The estimated value of the deferred tax asset not recognised, measured at standard rates is £3,614,761 (2017: £882,476) in respect of store operations.

The amount of the net reversal of deferred tax assets and liabilities expected to occur next year is £1,161,422 (2017: £1,502,654) relating to the reversal of existing timing differences between qualifying depreciation and capital allowance claims.

Factors that may affect future tax charges

Reductions in the UK corporation tax rate were substantively enacted in the prior year. The main rate of corporation tax was reduced from 20% to 19% effective from 1 April 2017 and to 17% from 1 April 2020. Deferred tax on timing differences at the balance sheet date is calculated at the fully enacted rates at which the timing differences are expected to reverse.

All subsidiaries share the same accounting period end as the parent company, being 28 February 2018. Where the accounting period of a subsidiary has been extended or reduced to bring the accounting year-end in alignment with that of the parent, 12 months of trading figures ending 28 February 2018 have been used for the current year. Similarly, for comparative numbers, the 12 months preceding 28 February 2017 have been used.
