The members have not required the company to obtain an audit of its financial statements for the year ended 31 March 2018 in accordance with Section 476 of the Companies Act 2006.

The director acknowledges his responsibilities for:

- (a) ensuring that the company keeps accounting records which comply with Sections 386 and 387 of the Companies Act 2006 and
 - preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of each financial year and of its profit or loss for each financial year in accordance with the requirements of
- Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the company.

The financial statements have been prepared and delivered in accordance with the provisions of Part 15 of the Companies Act 2006 relating to small companies.

In accordance with Section 444 of the Companies Act 2006, the Income Statement has not been delivered.

The financial statements were approved by the director on 25 July 2018 and were signed by:

Mr T A Cocks - Director

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2018

1. STATUTORY INFORMATION

Data Design Services Limited is a private company, limited by shares, registered in England and Wales. The company's registered number is 02233967 and it's registered office address is Fryern House, 125 Winchester Road, Chandler's Ford, Southampton, Hampshire, SO53 2DR.

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with the provisions of Section 1A "Small Entities" of Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

The presentation currency of the financial statements is £ sterling.

Significant judgements and estimates

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported for assets and liabilities as at the balance sheet date, and the amounts reports for revenues and expenses during the year. However, the nature of estimation means that actual outcomes could differ from those estimates.

The Directors do not consider there to be any judgements (apart from those involving estimates) used to have had significant effect on amounts recognised in the financial statements.

Turnover

Turnover represents net sales during the year (excluding value added tax) adjusted for accrued and deferred income where applicable.

Tangible fixed assets and depreciation

All fixed assets are initially recognised at cost and subsequently carried at cost less accumulated depreciation and accumulated impairment losses.

The cost of fixed assets initially recognised includes its purchase price and any cost that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in a manner intended by management.

Depreciation is provided at rates calculated to write off the costs less residual value of each asset over its expected useful life, as follows:

Plant and machinery 20% reducing balance

Fixtures and fittings 20% on cost

Taxation

The charge for taxation is based on the profit for the year and takes into account taxation deferred.

Current tax is measured at amounts expected to be paid using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax is provided in full on temporary differences which arise between the carrying value of an asset or liability and its tax base. Deferred tax assets are recognised to the extent that it is probable that there will be sufficient profits in the future to enable the assets to be utilized. Deferred tax assets and liabilities are not discounted.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

NOTES TO THE FINANCIAL STATEMENTS - continued FOR THE YEAR ENDED 31 MARCH 2018

2. ACCOUNTING POLICIES - continued

Pension costs and other post-retirement benefits

The company operates a defined contribution scheme. The assets of the scheme are held separately from those of the company in an independently administered fund. The pension costs charge represents contributions payable for the period by the company to the fund.

Hire purchase and leasing commitments

Where assets are financed by leasing agreements that give rights approximating to ownership, the assets are treated as if they have been purchased outright. The amount capitalised is their fair value of the asset concerned. The corresponding liability to the leasing company is included as an obligation under finance leases. Depreciation on leased assets is charged to the profit and loss account over the shorter of the lease term and their useful life. Leasing payments are treated as consisting of capital and interest elements, and interest is charged to the profit and loss account on a straight line basis which is considered to be a reasonable approximation to a constant rate of charge on the outstanding balance.

All other leases are treated as 'operating leases' and the relevant annual rentals are charged to the profit and loss account on a straight line basis over the lease term.

Dividends

Equity dividends are recognised when they become legally payable. Interim equity dividends are recognised when paid.

3. EMPLOYEES AND DIRECTORS

The average number of employees during the year was 10 (2017 - 10).
