SPA Automotive Limited (In Liquidation)
The Liquidators' Progress Report

## 1. Progress of the liquidation

## Work undertaken during the Period and work yet to be completed

We attach at **Appendix C** a schedule of work undertaken during the Period together with a summary of work still to be completed.

All known assets have been realised.

## Receipts and payments account

Attached at **Appendix B** is a receipts and payments account detailing both transactions for the Period and also cumulatively since our appointment as Liquidators.

#### **Investigations**

Part of our duties include carrying out proportionate investigations into what assets the Company has, including any potential claims that could be brought by the Company or by us in our capacity as Liquidators against any party which could result in a benefit to the estate. We have reviewed the Company's books and records and accounting information, requested further information from the directors, and invited creditors to provide information on any concerns they have concerning the way in which the Company's business has been conducted.

Further details of the conduct of our investigations are set out in the schedule of work attached. We can confirm that no further investigations or actions are required.

## 2. Estimated outcome for the creditors

The estimated outcome for creditors was included in correspondence previously circulated by us.

### Outcome for secured creditors

Based on current realisations there will be no distribution to the secured creditor under its floating charge.

#### **Preferential Creditors**

The following preferential creditors' claims have been received.

| Employees                       | £6,518.82  |
|---------------------------------|------------|
| The Redundancy Payments Service | £22,559.19 |

Based on current realisations there will be a small distribution to the preferential creditors. Whilst a notice of intended distribution was circulated in January 2018 which expired on 10 February 2018, with a dividend intended to follow within two months of the expiry date of the distribution, due to the ongoing investigations of the Director which may result in a further realisation for the estate, a distribution was not paid, but delayed until the aforementioned investigations have been concluded.

#### **Unsecured creditors**

We have received claims totalling £1,048,655.63 from unsecured creditors in these proceedings.

Based on current realisations there will not be sufficient funds available to pay a distribution to unsecured creditors.

#### The Prescribed Part

In accordance with the Insolvency Act 1986, the prescribed part is an element of net realisations due to the floating charge holder which is made available for unsecured creditors (subject to the floating charge post-dating 15 September 2003).

In this circumstance, based on current realisations, the floating charge realisations will be fully utilised in meeting the costs of realising the assets and making a distribution to preferential creditors, there will be insufficient funds to make a prescribed part distribution to unsecured creditors.

## 3. Liquidators' remuneration, disbursements and expenses

### Liquidators' remuneration

As advised in previous correspondence the creditors passed a resolution that the Liquidator's remuneration should be calculated on the following basis:

| <b>Gross Realisati</b> |
|------------------------|
| ion (£)                |
| %                      |

0 - 40,000 100

40,001 + 50

To date fees of £69,720.36 excluding VAT have been drawn from the funds available.

### **Liquidators' disbursements**

The Liquidators' disbursements are a recharge of actual costs incurred by them in dealing with this matter. Mileage payments made for expenses relating to the use of private vehicles for business travel, which is directly attributable to the insolvency estate, are paid by FRP Advisory at the HMRC approved mileage rate prevailing at the time the mileage was incurred. Details of disbursements incurred during the Period are set out in **Appendix D**.

### Expenses of the liquidation

An estimate of the Liquidators' expenses was set out in the information previously circulated to creditors. We attach at **Appendix E** a statement of expenses that have been incurred during the Period. It is currently expected that the expenses incurred or anticipated to be incurred are not likely to exceed the details provided prior to the determination of the basis of the Liquidators' remuneration.

Creditors have a right to request further information from the Liquidators and further have a right to challenge the Liquidators' remuneration and other expenses, which are first disclosed in this report, under the Insolvency (England and Wales) Rules. (For ease of reference these are the expenses incurred in the Period as set out in **Appendix E** only). Further details of these rights can be found in the

Creditors' Guide to Fees which you can access using the following link <a href="https://creditors.frpadvisory.com/info.aspx">https://creditors.frpadvisory.com/info.aspx</a> and select the one for liquidation. Alternatively, a hard copy of the relevant guide will be sent to you on request. Please note there is a time limit for requesting information being 21 days following the receipt of this progress report. There is a time limit of 8 weeks following the receipt of this report for a Court application that the remuneration or expenses are excessive.
