2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with the provisions of Section 1A "Small Entities" of Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

Preparation of consolidated financial statements

The financial statements contain information about Playtime Limited as an individual company and do not contain consolidated financial information as the parent of a group. The company has taken the option under Section 398 of the Companies Act 2006 not to prepare consolidated financial statements.

Investments in subsidiaries

Financial instruments

The company only enters into basic financial instruments transactions that result in the recognition of financial assets and liabilities like trade and other accounts receivable and payable and loans with related parties.

Debt instruments that are payable or receivable within one year, such as trade payables or receivables, are measured at the undiscounted amount of the cash or other consideration expected to be paid or received. Debt instruments that are repayable or receivable after one year are initially measured at the present value of the future cash flows and subsequently at amortised cost using the effective interest method.

Financial assets that are measured at cost and amortised cost are assessed at the end of each financial year for evidence of impairment. If objective evidence of impairment is found an impairment loss is recognised in the Income Statement.
