DIRECTORS' REPORT

FOR THE YEAR ENDED 31 DECEMBER 2018

The directors present their annual report and the audited financial statements for the year ended 31 December 2018. The director's report has been prepared in accordance with the provisions under s415a of the Companies Act 2006 applicable to companies entitled to the small companies exemption. Accordingly no strategic report has been presented.

Principal activities

The principal activity of the company continued to be that of the sale of jewellery.

Directors

The directors who held office during the year and up to the date of signature of the financial statements were as follows:

JMP Mansvelt

JFAE Kapuscik

Results and dividends

The company generated a profit for the year that amounted to £65,803 (2017: loss of £96,429).

No ordinary dividends were paid. The directors do not recommend payment of a final dividend.

Post reporting date events

The directors do not consider there to be any post balance sheet events to be disclosed.

Going concern

The balance sheet shows that the company has net current liabilities of £1,323,110 (2017: £1,583,805) and net liabilities of £1,013,221 (2017: £1,079.021). The company has the continued support of the ultimate parent undertaking (LVMH Moet Hennessey Louis Vuitton SE) through a letter of support which covers a period of at least a year from the date the accounts are signed. Thus the directors continue to adopt the going concern basis of accounting in preparing the annual financial statements.

Auditor

Constantin was appointed as auditor during the year to fill a casual vacancy, a resolution proposing that they be re-appointed will be put at a General Meeting.

Statement of disclosure to auditor

So far as each person who was a director at the date of approving this report is aware, there is no relevant audit information of which the company's auditor is unaware. Additionally, the directors individually have taken all the necessary steps that they ought to have taken as directors in order to make themselves aware of all relevant audit information and to establish that the company's auditor is aware of that information.

This confirmation is given and should be interpreted in accordance with the provisions of S418 of the Companies Act 2006.

On behalf of the board

JFAE Kapuscik

.....

Director

DIRECTORS' RESPONSIBILITIES STATEMENT FOR THE YEAR ENDED 31 DECEMBER 2018

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law) including FRS 101 "Reduced Disclosure Framework". Under company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements comply with Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF CHAUMET (LONDON) LIMITED

Opinion

In our opinion the financial statements of Chaumet (London) Limited (the 'company'):

- give a true and fair view of the state of the company's affairs as at 31 December 2018 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, including Financial Reporting Standard 101 "Reduced Disclosure Framework"; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements which comprise:

- · the profit and loss account;
- . the balance sheet:
- · the statement of changes in equity;
- . the related notes 1 to 18.

The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 101 "Reduced Disclosure Framework" (United Kingdom Generally Accepted Accounting Practice).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report.

We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the Financial Reporting Council's (the 'FRC's') Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We are required by ISAs (UK) to report in respect of the following matters where:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

We have nothing to report in respect of these matters.

Other information

The directors are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in respect of these matters.

INDEPENDENT AUDITOR'S REPORT (CONTINUED) TO THE MEMBERS OF CHAUMET (LONDON) LIMITED

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report. Report on other legal and regulatory requirements

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in [the strategic report and] the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the directors' report has been prepared in accordance with applicable legal requirements.

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified any material misstatements in the strategic report or the directors' report.

Matters on which we are required to report by exception

Under the Companies Act 2006 we are required to report in respect of the following matters if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- · the financial statements are not in agreement with the accounting records and returns; or
- · certain disclosures of directors' remuneration specified by law are not made; or
- · we have not received all the information and explanations we require for our audit.
- the directors were not entitled to take advantage of the small companies' exemption from the requirement to prepare a strategic report.

We have nothing to report in respect of these matters.

INDEPENDENT AUDITOR'S REPORT (CONTINUED) TO THE MEMBERS OF CHAUMET (LONDON) LIMITED

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

for and on behalf of Constantin

In the year ended 31 December 2001 the parent company made a capital contribution totalling £790,303. This amount has been included in an "Other Reserve" account.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2018

1 Accounting policies

General information

Chaumet (London) Limited (the Company) is a private company limited by shares incorporated in the United Kingdom under the Companies Act 2006, and registered in England and Wales. The address of the registered office is given on the Company Information page. The nature of the Company's operations and its principal activities are set out in the director's report on page 1.

These financial statements are presented in pounds sterling because that is the currency of the primary economic environment in which the Company operates.

These financial statements are separate financial statements. The Company is included in the group accounts of LVMH Moet Louis Vuitton SE ("LVMH"). The group accounts of the LVMH Moet Hennessy Louis Vuitton SE ("LVMH") can be obtained from 22, avenue Montaigne, 75008, Paris, France.

The Company has applied FRS 101 'Reduced Disclosure Framework' incorporating the Amendments to FRS 101 issued by the FRC in July 2015 other than those relating to legal changes and has applied the amendments to Company law made by The Companies, Partnerships and Groups (Accounts and Reports) Regulations 2015 that are effective for accounting periods beginning on or after 1 January 2016. New standards effective for accounting periods beginning on or after 1 January 2017 were not applicable to the Company.

1.1 Significant accounting policies

Basis of accounting

The company meets the definition of a qualifying entity under FRS 100 (Financial Reporting Standard 100) issued by the Financial Reporting Council.. The financial statements have therefore been prepared in accordance with FRS 101 (Financial Reporting Standard 101) 'Reduced Disclosure Framework' as issued by the Financial Reporting Council.

As permitted by FRS 101, the company has taken advantage of the disclosure exemptions available under that standard in relation to presentation of a cash-flow statement, standards not yet effective, impairment of assets and related party transactions.

Where relevant, equivalent disclosures have been given in the group accounts of LVMH Moet Hennessy Louis Vuitton SE ("LVMH"). The group accounts of LVMH Moet Hennessy Louis Vuitton SE ("LVMH") are available to the public and can be obtained as set out in note 1.

The financial statements have been prepared on the historical cost basis. Historical cost is generally based on the fair value of the consideration given in exchange for the goods and services.

The significant accounting policies adopted are set out below.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2018

1 Accounting policies

(Continued)

1.2 Going concern

The Company made profit before taxation of £65,803 (2017: loss of £96,429) and has net liabilities of £-1,013,221(2017: net liabilities of £-1,079,021). The Company participates in the group's centralised treasury arrangements and so shares banking arrangements with its parent and fellow subsidiaries.

The company has received written confirmation that it has the continued support of the ultimate parent undertaking as noted in the director's report. The company returned to profit during the year but remains is in a net current liabilities position. Whilst continued to profitability is anticipated in the longer term, the directors have obtained assurances from the ultimate parent company, LVMH Moet Hennessy Louis Vuitton S.E.(LVMH) that it will continue to provide any such financial support as maybe necessary to enable the company to pay its liabilities as they fall due for a period of at least 12 months from the date of signature of these financial statements.

Therefore the directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis in preparing the annual financial statements.

1.3 Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable and represents amounts receivable for goods and services provided in the normal course of business, net of discounts, VAT and other sales-related taxes. Revenue is recognised at point of sale. Revenue is reduced for estimated customer returns, rebates and other similar allowances. Revenue to third parties are recognised when the risks and rewards of ownership have been transferred, which is generally upon delivery to the customer.

Other operating income is measured at the fair value of the consideration received or receivable and represents amounts receivable for rental of property, net of discounts, VAT and other sales related taxes. Other operating income is recognised in relation to the period it relates.

1.4 Intangible fixed assets other than goodwill

Intangible assets acquired separately from a business are recognised at cost and are subsequently measured at cost less accumulated amortisation and accumulated impairment losses.

Amortisation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Software

20% per annum straight line

1.5 Tangible fixed assets

All fixed assets are stated at cost less accumulated depreciation and reviewed for impairment if events or changes in circumstances indicate that the carrying value may not be recoverable.

Depreciation

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives, using the straight-line method, on the following bases:

Short leasehold land and buildings

gs

10% per annum straight line

Fixtures and fittings

20% per annum straight line

A fixed asset is derecognised upon disposal or when no future economic benefits are expected to anse from the continued use of the asset. The gain or loss arising on the disposal or scrappage of an asset is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in income.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2018

1 Accounting policies

(Continued)

1.6 Borrowing costs related to fixed assets

All borrowing costs are recognised in profit or loss in the period in which they are incurred.

1.7 Impairment of fixed assets

At each balance sheet date, the Company reviews the carrying amounts of its fixed assets and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated to determine the extent of the impairment loss (if any). Where the asset does not generate cash flows that are independent from other assets, the company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets are amortised on a straight line method of 20% per annum.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

1.8 Stock

At the year end the company held stock on its premises in respect of consignment stock from Chaumet International SA. The stock remains the property of Chaumet International SA until such time as it is sold when Chaumet (London) Limited is charged for the stock. No deposit has been paid on this stock and there are no other significant terms relating to this stock.

1.9 Financial instruments

Financial assets and financial liabilities are recognised in the Company's balance sheet when the Company becomes a party to the contractual provisions of the instrument. Financial assets and financial liabilities are initially measure at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets or financial liabilities measured at fair value through profit or loss) are recognised in the balance sheet as appropriate, on initial recognition.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2018

1 Accounting policies

(Continued)

Financial assets

The classification of a financial asset determines its accounting treatment and depends on the nature and purpose for which the financial asset was acquired. Purchases and sales of financial assets are recognised on the trade date, which is the date the Company is committed to the purchase or sale of the asset. A financial asset is derecognised if the contractual rights to the cash flows from the financial asset expire or the asset has expired or has been transferred and the Company has transferred substantially all the risks and rewards of ownership.

The Company classifies its financial assets as loans and receivables.

Loans and receivables are financial assets with flexed or determinable payments that are not quoted in an active market. They are included in current assets, except for those that have maturities greater than twelve months after the balance sheet date. These are classified as non-current assets. Loans and receivable are carried at amortised cost using the effective interest method.

Financial liabilities

With the exception of derivative liabilities, which are accounted for at fair value through profit or loss, the Company recognises all financial liabilities initially at fair value and subsequently at amortised cost, using the effective interest method. Financial liabilities are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least twelve months after the balance sheet date.

1.10 Taxation

The tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the profit and loss account because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The company's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the reporting end date.

Deferred tax

Deferred income tax is provided using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements.

The measurement of deferred tax amounts depends on the way in which the Company intends to recover or settle the carrying amount of assets and liabilities and is determined using tax rates (and laws) that have been enacted, or substantially enacted, by the balance sheet date and are expected to apply when the related deferred income tax asset in realised or the deferred income tax liability is settled.

Deferred income tax assets are recognised to the extent that it is probably that future taxable profits will be available against the temporary differences and the carry-forward of unused tax losses, and of unused tax credits, can be utilised. The Company reviews its deferred tax balances at each balance sheet date to take into account factors such as the impact of changes in tax laws and the prospects of recovering deferred tax assets from deductible temporary differences and from the carry-forward of unused tax losses and of unused tax credits.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2018

1 Accounting policies

(Continued)

1.11 Operating lease agreements

Rentals under operating leases are charged on a straight line basis over the lease term, even if the payments are not made on such a basis. Benefits received and receivable and liabilities paid and payable as incentives or premiums to sign an operating lease are similarly spread on a straight-line basis over the lease term, except where the period to the review date on which the rent is first expected to be adjusted to the prevailing market rate shorter than the full lease term, in which case the shorter period is used.

In the event that lease incentives are received to enter into operating leases, such incentives are recognised as a liability. The aggregate benefit of incentives is recognised as a reduction of rental expense on a straight-line basis over the lease term, except where another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.

1.12 Pension costs

The Company operates a defined contribution pension scheme. Contributions are charged in the profit and loss account as they become payable in accordance with the rules of the scheme. Differences between contributions payable in the year and contributions actually paid are shown as either accruals or prepayments in the balance sheet.

1.13 Foreign currencies

Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are retranslated at the rate of exchange ruling at the balance date.

All differences are taken to the profit and loss account.

2 Judgements and key sources of estimation uncertainty

In the application of the company's accounting policies, the directors are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.

In the directors views there are no key judgements or estimation uncertainties.

3 Turnover and other revenue

An analysis of the company's turnover is as follows:

	2018	2017
	° £	£
Turnover		
Sale of goods	6,571,912	8,262,313
		=

Turnover and profit before taxation are attributable to the principle activity of the Company. All turnover is derived from one class of business within the United Kingdom.

	Taxation for the year	-	-

A deferred tax liability of £3,221 (2017: asset of £34,258) in respect of losses carried forward and other timing differences has not been recognised.

The Finance (No. 2) Act 2015, which provides for reductions in the main rate of corporation tax from 20% to 19% effective from 1 April 2017 and to 18% effective from 1 April 2020, was substantively enacted on 26 October 2015. Subsequently, the Finance Act 2016, which provides for a further reduction in the main rate of corporation tax to 17% effective from 1 April 2020, was substantively enacted on 6 September 2016. These rate reductions have been reflected in the calculation in unrecognised deferred tax.

9 Impairments

Impairment tests have been carried out where appropriate and the following impairment losses have been recognised in profit or loss:

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2018

16 Operating lease commitments

Lessee

Operating lease charges represent rentals payable by the Company on certain properties. The lease has a duration of up to 12 years.

At the reporting end date the company had outstanding commitments for future minimum lease payments under non-cancellable operating leases, which fall due as follows:

	2018	2017
	£	£
Within one year	1,000,000	1,000,000
Between two and five years	4,000,000	4,000,000
In over five years	7,000,000	8,000,000
	12,000,000	13,000,000

17 Related party transactions

The Company has taken advantage of the exemption granted by paragraph 8(k) of FRS 101 not to disclose all transactions with members of the same group.

During the year the Company made no related party transactions other than those covered by the exemption (2017; same).

18 Controlling party

In the directors' opinion the Company's ultimate controlling party at the balance sheet date was LVMH Moet Hennessey Louis Vuitton SE ("LVMH"), a Company incorporated in France.

The Company's immediate parent undertaking at the balance sheet date was Chaumet International SA, a Company registered in France at 12 place Vendome, 75001, Paris.

LVMH is the largest and smallest undertaking for which consolidated financial statements are prepared. Copies of these financial statements can be obtained from 22, avenue Montaigne, 75008, Paris, France.
