STATEMENT OF DIRECTORS' RESPONSIBILITIES

YEAR ENDED 31 DECEMBER 2000

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company at the end of the year and of the profit or loss for the year then ended.

In preparing those financial statements, the directors are required to:

select suitable accounting policies, as described on page 9, and then apply them consistently;

make judgements and estimates that are reasonable and prudent;

state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and

prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 1985. The directors are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

AUDITORS' REPORT TO THE DIRECTORS

YEAR ENDED 31 DECEMBER 2000

We have audited the financial statements on pages 5 to 12 which have been prepared under the historical cost convention and the accounting policies set out on page 9.

RESPECTIVE RESPONSIBILITIES OF THE DIRECTORS AND THE AUDITORS

As described on page 3, the company's directors are responsible for the preparation of the financial statements. It is our responsibility to form an independent opinion, based on our audit, on those statements and to report our opinion to you.

BASIS OF AUDIT OPINION

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

OPINION

In our opinion the financial statements give a true and fair view of the state of the company's affairs as at 31 December 2000 and of the profit of the company for the year then ended, and have been properly prepared in accordance with the Companies Act 1985.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED 31 DECEMBER 2000

1. ACCOUNTING POLICIES

Basis of accounting

The financial statements have been prepared under the historical cost convention, and in accordance with applicable accounting standards.

Turnover

Turnover represents commissions and fees receivable in the period.

Depreciation

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

Fixtures and fittings - 33.3% straight line

Motor Vehicles - 25% straight line

Office equipment - 20% straight line

Deferred taxation

Provision is made, under the liability method, to take account of timing differences between the treatment of certain items for accounts purposes and their treatment for tax purposes. Tax deferred or accelerated is accounted for in respect of all material timing differences to the extent that it is considered that a net liability may arise.

2. TURNOVER

3.

The turnover and profit before tax are attributable to the one principal activity of the company.

An analysis of turnover is given below:
