NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 30 NOVEMBER 2016

1. ACCOUNTING POLICIES

1.1 BASIS OF PREPARATION OF FINANCIAL STATEMENTS

The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention as modified by the revaluation of Freehold Investment Property and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2015).

1.2 TURNOVER

Turnover represents rental and ancillary income from properties.

1.3 INVESTMENT PROPERTIES

Sums received for lease period extensions have been deducted from the original cost where the company owns the relevant freehold reversions until the original cost is extinguished. Sums received for subsequent lease extensions are taken directly to the profit and loss account.

Investment properties are included in the balance sheet at their open market value in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2015) and are not depreciated. This treatment is contrary to the Companies Act 2006 which states that fixed assets should be depreciated but is, in the opinion of the directors, necessary in order to give a true and fair view of the financial position of the company.

If this departure from the Act had not been made, the profit for the financial year would have been reduced by depreciation. However, the amount of depreciation cannot reasonably be quantified, because depreciation is only one of many factors reflected in the annual valuation and the amount which might otherwise have been shown cannot be separately identified or quantified.
