K Hames - Director

## Notes to the Abbreviated Accounts for the Year Ended 31 December 2010

#### ACCOUNTING POLICIES

#### Accounting convention

The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain assets and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

#### Turnover

1

Turnover represents the fees derived from the provision of nursing care services to customers during the year Income is recognised on a daily basis for the provision of nursing care services

#### Goodwill

Goodwill, being the amount paid in connection with the acquisition of care homes in 2007 and 2010, is being amortised evenly over its estimated useful life of twenty years

#### Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life

Freehold property

not provided

Fixtures, fittings and equipment

- 10% on reducing balance

Computer equipment

- 25% on reducing balance

During the year, the company changed its accounting policy on the measurement of freehold property, from historic cost to revaluation. The directors consider this change to be necessary to give a true and fair view

Freehold property is not depreciated, as it is the opinion of the directors that periodic revaluation in line with generally accepted accounting principles fairly reflects the fair market value of the properties, and therefore depreciation is considered to be immaterial. This is a departure from the requirements of FRS 15 - "Tangible Fixed Assets", which requires that tangible fixed assets, other than non-depreciable land, are depreciated. The directors consider this departure to be necessary to give a true and fair view.

#### Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items

#### Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date

#### Hire purchase and leasing commitments

Rentals paid under operating leases are charged to the profit and loss account on a straight line basis over the period of the lease
