### **What work has been done in the period of this report, why was that work necessary and what has been the financial benefit (if any) to creditors?**

Details of the types of work that generally fall into the headings mentioned below are available on our firm's website - <http://www.begbies-traynorgroup.com/work-details> Under the following headings we have explained the specific work that has been undertaken on this case. Not every piece of work has been described, but we have sought to give a proportionate overview which provides sufficient detail to allow creditors to understand what has been done, why it was necessary and what financial benefit (if any) the work has provided to creditors.

The costs incurred in relation to each heading are set out in the Time Costs Analysis which is attached at Appendix 2.

#### General case administration and planning

We are required to maintain records to demonstrate how the case was administered and to document the reasons for any decisions that materially affect the case. The time charged to this code relates to the periodic case reviews carried out at one month, three months and six months; and case planning.

#### Compliance with the Insolvency Act, Rules and best practice

The time charged to this code relates to our statutory filing and reporting duties following our appointment. It also includes the maintenance of the estate cash book.

#### Investigations

The time charged to this code relates to our statutory obligation to report on the directors' conduct.

#### Realisation of assets

The sums owed to creditors at the date of appointment (as detailed in the directors' statement of affairs) are as follows:

#### **Secured creditors**

There are no known secured creditors.

## TIME COSTS AND DISBURSEMENTS

- a. Begbies Traynor (Central) LLP's charging policy;
- b. Time Costs Analysis for the period from 05 July 2016 to 04 July 2017

## **BEGBIES TRAYNOR CHARGING POLICY**

### **INTRODUCTION**

This note applies where a licensed insolvency practitioner in the firm is acting as an office holder of an insolvent estate and seeks creditor approval to draw remuneration on the basis of the time properly spent in dealing with the case. It also applies where further information is to be provided to creditors regarding the office holder's fees following the passing of a resolution for the office holder to be remunerated on a time cost basis. Best practice guidance<sup>1</sup> requires that such information should be disclosed to those who are responsible for approving remuneration.

In addition, this note applies where creditor approval is sought to make a separate charge by way of expenses or disbursements to recover the cost of facilities provided by the firm. Best practice guidance<sup>2</sup> indicates that such charges should be disclosed to those who are responsible for approving the office holder's remuneration, together with an explanation of how those charges are calculated.

### **OFFICE HOLDER'S FEES IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES**

The office holder has overall responsibility for the administration of the estate. He/she will delegate tasks to members of staff. Such delegation assists the office holder as it allows him/her to deal with the more complex aspects of the case and ensures that work is being carried out at the appropriate level. There are various levels of staff that are employed by the office holder and these appear below.

The firm operates a time recording system which allows staff working on the case along with the office holder to allocate their time to the case. The time is recorded at the individual's hourly rate in force at that time which is detailed below.

### **EXPENSES INCURRED BY OFFICE HOLDERS IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES**

Best practice guidance classifies expenses into two broad categories:

- *Category 1 disbursements (approval not required)* - specific expenditure that is directly related to the case and referable to an independent external supplier's invoice. All such items are charged to the case as they are incurred.
- *Category 2 disbursements (approval required)* - items of expenditure that are directly related to the case which include an element of shared or allocated cost and are based on a reasonable method of calculation, but which are not payable to an independent third party.

(A) The following items of expenditure are charged to the case (subject to approval):

- Internal meeting room usage for the purpose of statutory meetings of creditors is charged at the rate of £100 per meeting;
- Car mileage is charged at the rate of 45 pence per mile;
- Storage of books and records (when not chargeable as a *Category 1 disbursement*) is charged on the basis that the number of standard archive boxes held in storage for a particular case bears to the total of all archive boxes for all cases in respect of the period for which the storage charge relates

(B) The following items of expenditure will normally be treated as general office overheads and will not be charged to the case although a charge may be made where the precise cost to the case can be determined because the item satisfies the test of a *Category 1 disbursement*.
