✓ What this form is for
You may use this form to
accompany your accounts
disclosed under parent law.

✗ What this form is NOT for
You cannot use this form for
an alteration of name or
with accounting requirements.

THURSDAY
WED

Part 1 Corporate company name

Corporate name of overseas company ① OCASO S.A., COMPAÑIA DE SEGUROS Y REASEGUROS

UK establishment number B R 0 1 2 0 8 0

② Filling in this form
Please complete in typescript or in
bold black capitals.

All fields are mandatory unless
specified or indicated by *

① This is the name of the company in
its home state.

Part 2 Statement of details of parent law and other
information for an overseas company

A1 Legislation

Please give the legislation under which the accounts have been prepared and,
if applicable, the legislation under which the accounts have been audited.

Legislation ② SPANISH LEGISLATION - PCEA

② This means the relevant rules or
legislation which regulates the
preparation and, if applicable, the
audit of accounts.

A2 Accounting principles

Accounts Have the accounts been prepared in accordance with a set of generally accepted
accounting principles?

Please tick the appropriate box.

☐ No. Go to Section A3.

☒ Yes. Please enter the name of the organisation or other
body which issued those principles below, and then go to Section A3.

Name of organisation or body ③ PLAN CONTABLE PARA ENTIDADES. ASEGURADORES

③ Please insert the name of the
appropriate accounting organisation
or body.

A3 Accounts

Accounts Have the accounts been audited? Please tick the appropriate box.

☐ No. Go to Section A5.

☒ Yes. Go to Section A4.

Audit Report of Consolidated Financial Statements issued by an Independent Auditor

To the Shareholders of Grupo Ocaso

REPORT ON THE CONSOLIDATED FINANCIAL STATEMENTS

Opinion

We have audited the consolidated annual statements for OCASO S.A., Compañía de Seguros y Reaseguros (the parent company) and its subsidiaries (the Group), which consist of the balance sheet as at 31 December 2017, the profit and loss statement, the consolidated income statement, the statement of comprehensive income, the statement of changes in equity, the cash flow statement and annual report, all consolidated, corresponding to the year ended on that date.

In our opinion, the attached consolidated financial statements present fairly, in all material respects, the equity and financial position of the Group as at 31 December 2017, and its financial performance and cash flows, all consolidated, for the year ended on that date, in accordance with the applicable regulatory financial reporting standards (identified in Note 2 of the notes to the attached financial statements) and, in particular, the accounting principles and criteria contained therein.

Basis for Opinion

We conducted our audit in accordance with the rules governing auditing in Spain. Our responsibilities under those standards are described below in the *Auditor's responsibilities for the audit of the consolidated financial statements* section of our report.

We are independent of the Group in accordance with the ethical requirements, including independence, which are applicable to performing audits of consolidated annual statements in Spain, as required by the regulations applicable to performing audits of financial statements. In this regard, we have not provided services other than the audit of the accounts, neither have situations or circumstances occurred which, in accordance with the provisions of the aforementioned regulatory standards, have affected the necessary independence in such a way that it has been compromised.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit issues

The key issues of the audit are those issues that, according to our professional judgement, have been of greater significance in our audit of the consolidated financial statements for the current period. These issues have been addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion of the same, we do not express an opinion of these issues separately.

Assessment of other technical provisions (778,307 thousand euros)

See Note 13 of the report on the attached annual financial statements

Key audit issue	How the issue was addressed in our audit
The Group calculates other technical provisions for commitments to their policyholders regarding funeral insurance, which include obligations anticipated under a very long term. These provisions are assessed using the actuarial methodology for life calculations, which requires the use of actuarial methods and calculations that use key assumptions with a high degree of judgement and uncertainty. Likewise, concerning provision for deaths, the inadequate application of the calculation methodology or assumptions about the future evolution of mortality, administrative fees, interest rate, etc. in calculations can result in significant impacts on the Group's annual financial statements	As part of our audit procedures, we conducted tests on the design and implementation of key controls established by the Group in the process of estimating the provision for deaths. Our procedures were carried out with the collaboration of our actuarial specialists and a representative sample of selected contracts based on our risk assessment and significance of the same, and consisted basically of the following: • Conducting tests on the integrity and accuracy of the databases used in actuarial calculations. • Evaluation of the methodology used by the Group to determine the main key assumptions used in the calculations, which consist of economic assumptions (interest rates used for discounts and administrative expenses, among others) and technical assumptions (mortality and rates of decline, among others). • Recalculation on a sample basis of the provision for funeral insurance, considering the technical and economic conditions contained in insurance contracts and established by current legislation. We also assessed the adequacy of the information disclosed in the consolidated annual statements concerning the provision for deaths, considering the requirements of the applicable financial reporting framework.

Assessment of the mathematical provisions (836,907 thousand euros)

See Note 13 of the report on the attached annual financial statements

Key audit issue

The Group calculates the mathematical provisions for commitments to its policyholders, including very long-term commitments. The estimate of the mathematical provisions requires the use of actuarial methods and calculations that use key assumptions with a high degree of judgement and uncertainty, which include the future evolution of mortality and survival, morbidity, administration fees, interest rates, etc.

Calculation of most of these assumptions is restricted by the regulatory framework that governs the technical provisions and that establishes distinctive models and methods for assessing these provisions, depending on the type of portfolios, deviations of assumptions since the product was issued, market situation, etc.

The use of inadequate assumptions or calculation methodologies can result in significant impacts on the consolidated financial statements.

How the issue was addressed in our audit

Within our audit approach, we conducted tests on the design and implementation of key controls established by the Group in the process of estimating the mathematical provisions, including controls on the determination of the key assumptions and on the completeness and accuracy of the databases used when estimating these provisions.

Our substantive procedures in relation to mathematical reserves, which were carried out with the collaboration of our actuarial specialists and on a representative sample of contracts selected based on our risk assessment and significance of the same, have consisted basically of the following:

- Testing the integrity and accuracy of the databases used in the actuarial calculations.
- Evaluation of the methodology used by the Group for the determination of the main key assumptions used in the calculations of said provisions.
- Recalculation of the mathematical provision considering the technical conditions contained in insurance contracts and established by current legislation.

Furthermore, we assessed the adequacy of the information disclosed in the consolidated financial statements concerning mathematical provisions, considering the requirements of the applicable financial reporting framework

Other information: Consolidated Management Report _____

The other information consists exclusively of the consolidated management report for the year 2017, the preparation of which is the responsibility of the Directors of the Parent Company and is not an integral part of the consolidated annual financial statements.

Our audit opinion on the consolidated annual financial statements does not cover the consolidated management report. Our responsibility for the information contained in the consolidated management report is defined in the legislation regulating the performance of the audit of accounts, which establishes two different levels for the same:

- a) A specific level applicable to the state of the consolidated non-financial information, which involves checking only that such information has been provided in the consolidated management report, or, if applicable, that the reference corresponding to the separate report on the non-financial information has been incorporated, and if it is not so, to report it.
- b) A general level applicable to the rest of the information included in the consolidated management report. This consists of assessing and informing of the compliance of such information with the consolidated annual statements, apart from the knowledge of the Group obtained in the performance of the audit of the said financial statements and excluding information other than that obtained during the same, as well as assessing and reporting on whether the content and presentation of this part of the consolidated management report complies with the rules resulting from implementation. If, based on the work we have done, we conclude that there are material inaccuracies, we are obliged to report of it

Based on the work done, as described above, we found that the information referred to in paragraph a) above is provided in the consolidated management report and that the rest of the information contained in the annual consolidated management report for 2017 and its contents and presentation are consistent with the rules resulting from implementation.

Responsibility of the Directors and the Audit Committee in relation to the consolidated annual financial statements _____

The Directors of the Parent Company are responsible for formulating the attached consolidated financial statements, so that they express the faithful image of the net worth, financial position and consolidated results of the Group, in accordance with the regulatory financial reporting framework applicable to the Group in Spain, and the internal controls they deem necessary to enable the preparation of consolidated financial statements free of material misstatement due to fraud or error

In preparing the consolidated annual financial statements, the Directors of the Parent Company are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting, unless the Directors have the intention of liquidating the Group or ceasing its operations, or there is no other realistic alternative

The Audit Committee of the Parent Company is responsible for overseeing the process of preparation and presentation of the consolidated financial statements

Auditor's responsibilities in relation to the audit of the annual consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and issue an auditor's report that includes our opinion

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the standards on performing audits of accounts in Spain will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or taken together, they could reasonably be expected to influence the economic decisions of users made on the basis of these Consolidated Financial Statements

As part of an audit in accordance with the rules governing the performance of audits in Spain, we exercise professional judgement and maintain an attitude of professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors of the parent company.
- Conclude on the appropriateness of the use by the Directors of the Parent Company of the going concern basis of accounting. Furthermore, based on the audit evidence obtained, we conclude whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Annual Statements including the disclosures, and whether the Consolidated Annual Statements represent the underlying transactions and events in a manner that achieves fair presentation
- Obtain sufficient appropriate evidence regarding the financial information of entities or business activities within the group to express an opinion on the Consolidated Annual Statements. We are responsible for the direction, supervision and performance of the audit of the group. We are solely responsible for our audit opinion.

We communicate with the Audit Committee of the Parent Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee of the Parent Company with a statement that we have fulfilled the applicable ethical requirements, including independence, and we have communicated with the same to report those issues that could reasonably pose a threat to our independence and, where appropriate, the relevant safeguards.

Among the issues that have been communicated to the Audit Committee of the Parent Company, we determined those that were of greater significance in the audit of the consolidated annual accounts for the current period and are therefore the key issues of the audit

We described these issues in our audit report, unless the laws or regulations prohibit publicly disclosing the matter

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

Additional report to the Audit Committee of the Parent Company

The opinion expressed in this report is consistent with what is stated in our additional report to the Parent Company's Audit Report dated 20 April, 2018

Appointment period

The Ordinary General Shareholders Meeting held on 16 June, 2016 appointed us as auditors for a period of three years, counting from the year ended 31 December, 2016

Informe de Auditoría de Cuentas Anuales Consolidadas emitido por un Auditor Independiente

A los Accionistas del Grupo OCASO

INFORME SOBRE LAS CUENTAS ANUALES CONSOLIDADAS

Opinión

Hemos auditado las cuentas anuales consolidadas de OCASO S.A., Compañía de Seguros y Reaseguros (la Sociedad dominante) y sus sociedades dependientes (el Grupo), que comprenden el balance a 31 de diciembre de 2017, la cuenta de resultados, el estado del resultado global, el estado de cambios en el patrimonio neto, el estado de flujos de efectivo y la memoria, todos ellos consolidados, correspondientes al ejercicio terminado en dicha fecha.

En nuestra opinión, las cuentas anuales consolidadas adjuntas expresan, en todos los aspectos significativos, la imagen fiel del patrimonio y de la situación financiera del Grupo a 31 de diciembre de 2017, así como de sus resultados y flujos de efectivo, todos ellos consolidados, correspondientes al ejercicio terminado en dicha fecha, de conformidad con el marco normativo de información financiera que resulta de aplicación (que se identifica en la nota 2 de la memoria de las cuentas anuales adjuntas) y, en particular, con los principios y criterios contables contenidos en el mismo.

Fundamento de la opinión

Hemos llevado a cabo nuestra auditoría de conformidad con la normativa reguladora de la actividad de auditoría de cuentas vigente en España. Nuestras responsabilidades de acuerdo con dichas normas se describen más adelante en la sección *Responsabilidades del auditor en relación con la auditoría de las cuentas anuales consolidadas* de nuestro informe.

Somos independientes del Grupo de conformidad con los requerimientos de ética, incluidos los de independencia, que son aplicables a nuestra auditoría de las cuentas anuales consolidadas en España, según lo exigido por la normativa reguladora de la actividad de auditoría de cuentas. En este sentido, no hemos prestado servicios distintos a los de la auditoría de cuentas ni han concurrido situaciones o circunstancias que, de acuerdo con lo establecido en la citada normativa reguladora, hayan afectado a la necesaria independencia de modo que se haya visto comprometida.

Consideramos que la evidencia de auditoría que hemos obtenido proporciona una base suficiente y adecuada para nuestra opinión.

Cuestiones clave de la auditoría

Las cuestiones clave de la auditoría son aquellas cuestiones que, según nuestro juicio profesional, han sido de la mayor significatividad en nuestra auditoría de las cuentas anuales consolidadas del periodo actual. Estas cuestiones han sido tratadas en el contexto de nuestra auditoría de las cuentas anuales consolidadas en su conjunto, y en la formación de nuestra opinión sobre éstas, y no expresamos una opinión por separado sobre esas cuestiones.

Valoración de otras provisiones técnicas (778.307 miles de euros)

Véase Nota 13 de la memoria de las cuentas anuales adjuntas

Cuestión clave de la auditoría

El Grupo calcula otras provisiones técnicas para los compromisos adquiridos con sus asegurados en materia del seguro de decesos, las cuales incluyen obligaciones previstas a muy largo plazo. La estimación de estas provisiones se realiza con metodología actuarial de vida, lo que requiere el uso de métodos y cálculos actuariales en los que se usan hipótesis clave con un elevado grado de juicio e incertidumbre.

De la misma forma, en el caso de la provisión de decesos, la aplicación inadecuada de la metodología de cálculo o hipótesis sobre la evolución futura de la mortalidad, gastos de administración, tipos de interés, etc, en los cálculos puede resultar en impactos significativos en las cuentas anuales del Grupo.

Cómo se abordó la cuestión en nuestra auditoría

Como parte de nuestros procedimientos de auditoría hemos realizado pruebas sobre el diseño y la implementación de los controles clave establecidos por el Grupo en el proceso de la estimación de la provisión para decesos.

Nuestros procedimientos que fueron realizados con la colaboración de nuestros especialistas actuariales y para una muestra representativa de contratos seleccionada en base a nuestra evaluación de riesgos y significatividad de los mismos, han consistido, básicamente, en los siguientes:

- Realización de pruebas sobre la integridad y exactitud de las bases de datos utilizadas en los cálculos actuariales.
- Evaluación de la metodología empleada por el Grupo para la determinación de las principales hipótesis clave utilizadas en los cálculos, las cuales consisten en hipótesis económicas (tipos de interés utilizados para el descuento, gastos de administración, entre otros) e hipótesis técnicas (mortalidad, tasas de carga, entre otros).
- Recálculo en base muestral de la provisión para seguros de decesos, considerando las condiciones técnicas y económicas contenidas en los contratos de seguro y las establecidas por la normativa vigente.

Asimismo, evaluamos la adecuación de la información desglosada en las cuentas anuales consolidadas relativa a la provisión de decesos, considerando los requerimientos del marco de información financiera aplicable.

Valoración de las provisiones matemáticas (836.907 miles de euros)

Véase Nota 13 de la memoria de las cuentas anuales adjuntas

Cuestión clave de la auditoría

El Grupo calcula las provisiones matemáticas para los compromisos adquiridos con sus asegurados, incluyendo compromisos a muy largo plazo. La estimación de las provisiones matemáticas requiere el uso de métodos y cálculos actuariales en los que se usan hipótesis clave con un elevado grado de juicio e incertidumbre, entre las cuales se encuentran la evolución futura de la mortalidad y supervivencia, morbilidad, gastos de administración, tipos de interés, etc.

El cálculo de la mayoría de dichas hipótesis viene delimitado por el marco regulatorio que rige las provisiones técnicas, y que fija distintos modelos y métodos para valorar dichas provisiones en función de la tipología de carteras, desviaciones de hipótesis desde la emisión del producto, situación del mercado, etc.

El uso de hipótesis o metodologías de cálculo inadecuadas puede resultar en impactos significativos en las cuentas anuales consolidadas.

Cómo se abordó la cuestión en nuestra auditoría

Dentro de nuestro enfoque de auditoría hemos realizado pruebas sobre el diseño e implementación de los controles clave establecidos por el Grupo en el proceso de estimación de las provisiones matemáticas, incluyendo los controles sobre la determinación de las hipótesis clave, así como sobre la integridad y exactitud de las bases de datos utilizadas en la estimación de estas provisiones.

Nuestros procedimientos sustantivos en relación a las provisiones matemáticas, que fueron realizados con la colaboración de nuestros especialistas actuariales y para una muestra representativa de contratos seleccionada en base a nuestra evaluación de riesgos y significatividad de los mismos, han consistido, básicamente, en los siguientes:

- Realización de pruebas sobre la integridad y exactitud de las bases de datos utilizadas en los cálculos actuariales.
- Evaluación de la metodología empleada por el Grupo para la determinación de las principales hipótesis claves utilizadas en los cálculos de dichas provisiones.
- Recálculo de la provisión matemática considerando las condiciones técnicas contenidas en los contratos de seguro y las establecidas por la normativa vigente.

Asimismo, evaluamos la adecuación de la información desglosada en las cuentas anuales consolidadas relativa a las provisiones matemáticas, considerando los requerimientos del marco de información financiera aplicable.

**Otra información: Informe de gestión consolidado**

La otra Información comprende exclusivamente el informe de gestión consolidado del ejercicio 2017, cuya formulación es responsabilidad de los Administradores de la Sociedad dominante y no forma parte integrante de las cuentas anuales consolidadas.

Nuestra opinión de auditoría sobre las cuentas anuales consolidadas no cubre el informe de gestión consolidado. Nuestra responsabilidad sobre la información contenida en el informe de gestión consolidado se encuentra definida en la normativa reguladora de la actividad de auditoría de cuentas, que establece dos niveles diferenciados sobre la misma:

- a) Un nivel específico que resulta de aplicación al estado de la información no financiera consolidado, que consiste en comprobar únicamente que la citada información se ha facilitado en el informe de gestión consolidado, o en su caso, que se haya incorporado en éste la referencia correspondiente al informe separado sobre la información no financiera, y en caso contrario, a informar sobre ello.
- b) Un nivel general aplicable al resto de la información incluida en el informe de gestión consolidado, que consiste en evaluar e informar sobre la concordancia de la citada información con las cuentas anuales consolidadas, a partir del conocimiento del Grupo obtenido en la realización de la auditoría de las citadas cuentas y sin incluir información distinta de la obtenida como evidencia durante la misma, así como evaluar e informar de si el contenido y presentación de esta parte del Informe de gestión consolidado son conformes a la normativa que resulta de aplicación. Si, basándonos en el trabajo que hemos realizado, concluimos que existen incorrecciones materiales, estamos obligados a informar de ello.

Sobre la base del trabajo realizado, según lo descrito anteriormente, hemos comprobado que la información mencionada en el apartado a) anterior se facilita en el informe de gestión consolidado y que el resto de la Información que contiene el informe de gestión consolidado concuerda con la de las cuentas anuales consolidadas del ejercicio 2017 y su contenido y presentación son conformes a la normativa que resulta de aplicación.

Responsabilidad de los Administradores y de la Comisión de Auditoría en relación con las cuentas anuales consolidadas

Los Administradores de la Sociedad dominante son responsables de formular las cuentas anuales consolidadas adjuntas, de forma que expresen la imagen fiel del patrimonio, de la situación financiera y de los resultados consolidados del Grupo, de conformidad con el marco normativo de información financiera aplicable al Grupo en España, y del control interno que consideren necesario para permitir la preparación de cuentas anuales consolidadas libres de incorrección material, debida a fraude o error.

En la preparación de las cuentas anuales consolidadas, los Administradores de la Sociedad dominante son responsables de la valoración de la capacidad del Grupo para continuar como empresa en funcionamiento, revelando, según corresponda, las cuestiones relacionadas con empresa en funcionamiento y utilizando el principio contable de empresa en funcionamiento excepto si los citados Administradores tienen intención de liquidar el Grupo o de cesar sus operaciones, o bien no exista otra alternativa realista.

La Comisión de Auditoría de la Sociedad dominante es responsable de la supervisión del proceso de elaboración y presentación de las cuentas anuales consolidadas.

Responsabilidades del auditor en relación con la auditoría de las cuentas anuales consolidadas

Nuestros objetivos son obtener una seguridad razonable de que las cuentas anuales consolidadas en su conjunto están libres de incorrección material, debida a fraude o error, y emitir un informe de auditoría que contiene nuestra opinión.

Seguridad razonable es un alto grado de seguridad pero no garantiza que una auditoría realizada de conformidad con la normativa reguladora de la actividad de auditoría de cuentas vigente en España siempre detecte una incorrección material cuando existe. Las incorrecciones pueden deberse a fraude o error y se consideran materiales si, individualmente o de forma agregada, puede preverse razonablemente que influyan en las decisiones económicas que los usuarios toman basándose en las cuentas anuales consolidadas.

Como parte de una auditoría de conformidad con la normativa reguladora de la actividad de auditoría de cuentas vigente en España, aplicamos nuestro juicio profesional y mantenemos una actitud de escepticismo profesional durante toda la auditoría. También:

- Identificamos y valoramos los riesgos de incorrección material en las cuentas anuales consolidadas, debida a fraude o error, diseñamos y aplicamos procedimientos de auditoría para responder a dichos riesgos y obtenemos evidencia de auditoría suficiente y adecuada para proporcionar una base para nuestra opinión. El riesgo de no detectar una incorrección material debida a fraude es más elevado que en el caso de una incorrección material debida a error, ya que el fraude puede implicar colusión, falsificación, omisiones deliberadas, manifestaciones intencionadamente erróneas, o la elusión del control interno.
- Obtenemos conocimiento del control interno relevante para la auditoría con el fin de diseñar procedimientos de auditoría que sean adecuados en función de las circunstancias, y no con la finalidad de expresar una opinión sobre la eficacia del control interno del Grupo.
- Evaluamos si las políticas contables aplicadas son adecuadas y la razonabilidad de las estimaciones contables y la correspondiente información revelada por los Administradores de la Sociedad dominante.
- Concluimos sobre si es adecuada la utilización, por los Administradores de la Sociedad dominante, del principio contable de empresa en funcionamiento y basándonos en la evidencia de auditoría obtenida, concluimos sobre si existe o no una incertidumbre material relacionada con hechos o con condiciones que pueden generar dudas significativas sobre la capacidad del Grupo para continuar como empresa en funcionamiento. Si concluimos que existe una incertidumbre material, se requiere que llamemos la atención en nuestro informe de auditoría sobre la correspondiente información revelada en las cuentas anuales consolidadas o, si dichas revelaciones no son adecuadas, que expresemos una opinión modificada. Nuestras conclusiones se basan en la evidencia de auditoría obtenida hasta la fecha de nuestro informe de auditoría. Sin embargo, los hechos o condiciones futuros pueden ser la causa de que el Grupo deje de ser una empresa en funcionamiento.
- Evaluamos la presentación global, la estructura y el contenido de las cuentas anuales consolidadas, incluida la información revelada, y si las cuentas anuales consolidadas representan las transacciones y hechos subyacentes de un modo que logran expresar la imagen fiel.
- Obtenemos evidencia suficiente y adecuada en relación con la información financiera de las entidades o actividades empresariales dentro del grupo para expresar una opinión sobre las cuentas anuales consolidadas. Somos responsables de la dirección, supervisión y realización de la auditoría del Grupo. Somos los únicos responsables de nuestra opinión de auditoría.

Nos comunicamos con la Comisión de Auditoría de la Sociedad dominante en relación con, entre otras cuestiones, el alcance y el momento de realización de la auditoría planificados y los hallazgos significativos de la auditoría, así como cualquier deficiencia significativa del control interno que identificamos en el transcurso de la auditoría.

También proporcionamos a la Comisión de Auditoría de la Sociedad dominante una declaración de que hemos cumplido los requerimientos de ética aplicables, incluidos los de independencia, y nos hemos comunicado con la misma para informar de aquellas cuestiones que razonablemente puedan suponer una amenaza para nuestra independencia y, en su caso, de las correspondientes salvaguardas.

Entre las cuestiones que han sido objeto de comunicación a la Comisión de Auditoría de la Sociedad dominante, determinamos las que han sido de la mayor significatividad en la auditoría de las cuentas anuales consolidadas del período actual y que son, en consecuencia, las cuestiones clave de la auditoría.

Describimos esas cuestiones en nuestro informe de auditoría salvo que las disposiciones legales o reglamentarias prohíban revelar públicamente la cuestión.

INFORME SOBRE OTROS REQUERIMIENTOS LEGALES Y REGLAMENTARIOS

Informe adicional para la Comisión de Auditoría de la Sociedad dominante_____

La opinión expresada en este informe es coherente con lo manifestado en nuestro informe adicional para la Comisión de Auditoría de la Sociedad dominante de fecha 20 de abril de 2018.

Período de contratación_____

La Junta General Ordinaria de Accionistas celebrada el 16 de Junio de 2016 nos nombró como auditores por un período de tres años, contados a partir del ejercicio finalizado el 31 de diciembre de 2016.
