These financial statements have been prepared in accordance with the provisions of Section 1A "Small Entities" of Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

I confirm that in accordance with the Financial Reporting Council's recommendations that I have carried out a rigorous assessment of the company and have reached a view after that assessment that the company is entitled to be considered a going concern and that these accounts properly reflect that status as a basis for preparation of the accounts.

In completing my assessment, I have considered a period of time which is greater than 1 year from today's date.

Based upon my assessment, I consider that the disclosure in the accounts is balanced, proportionate and clear and reflects the facts as established during my assessment of the next twelve months.

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements.
